**Project Description:** (please use a separate page if necessary)

The project would construct a 47,639-square-foot, 3-story all-inclusive community wellness center on the 2.8-acre project site. The Alexander Valley Wellness Center (wellness center) would function as a primary care clinic while also providing services such as pediatric care, dental health, behavioral health, urgent care, alternative health, teen clinic, and outreach and education services such as wellness and cooking classes. The project would provide outpatient services consistent with health facilities licensed under Section 1200 of the California Health and Safety Code and would limit services to those listed in California Building Standard Code (CBC) Section 1226.6 and would not provide overnight care.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
