Present Land Use/Zoning/General Plan Designation:

Residential Estate (R-E) / Conservation-Residential

Project Description: (please use a separate page if necessary)

The project Applicant proposes to subdivide the 75.4 acre property into 30 developable lots plus a lot for common open space (parcel Y) and a lot left in a natural state (parcel Z). The 30 developable lots would be located on the 7.4 acre northeastern portion of the project site currently operated as the Alpine Rock Ranch (approximately 10% of the total site area), which would be removed. The developable lots would be developed with 27 market-rate single-family residences as part of a planned unit development and 12 affordable multifamily units configured as 3 lots with 4 units each. The remainder of the property, not included as part of the development site, is sloped and heavily wooded; it would remain in University ownership as preserved as open space.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
