Present Land Use/Zoning/General Plan Designation:

Not applicable

Project Description: (please use a separate page if necessary)

The Monterey County Regional Conservation Investment Strategy (RCIS) will assess the vulnerability of species and habitat to climate change related stressors (drought, wildfire, and landslides, etc.); develop conservation strategies to improve resiliency from the identified stressors; and define a framework to finance the implementation of these conservation strategies as compensatory mitigation from new transportation improvements. The types of conservation strategies that are eligible to be included in an RCIS will both directly and indirectly contribute to the climate resiliency of Monterey County's transportation infrastructure, including wildlife crossings, wetlands restoration, and habitat acquisition and conservation.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
