PROJECT DESCRIPTION: (Briefly describe project including need, purpose, location, limits, right-of-way requirements, and activities involved in this box. Use Continuation Sheet, if necessary.)			
<p>The California Department of Transportation (Caltrans) proposes an emergency project to repair the Mokelumne River bridge (Bridge No. 29-0043) at post mile 0.01 on State Route (SR) 12 within San Joaquin County. The project scope includes removing and replacing the center bearing with new bronze disk and steel disk center bearing; rehabilitating the end jack/lock bar system at both ends of the swing span; refurbishing all four (4) end jacks of the drawbridge; adjusting the balance wheels and tracks; replacing the pop-up barrier and swing drive gearbox oil; adjusting the pop-up barrier lids; and repairing the catwalks. The purpose of this project is to immediately repair the damaged drawbridge components and make the open-close functions fully operable. The project is needed to ensure motorist safety and drawbridge functionality on SR-12.</p>

Continued from page 1:

General:

- Environmental reevaluation will be required if the scope of the project changes to include additional areas or activities, or if previously unknown cultural or other sensitive resources are discovered. Contact the Environmental Office if project changes occur or sensitive resources discovered.

Cultural:

- If cultural materials are discovered at the job site, do not disturb the resources and immediately:
 - Stop all work within a 60foot radius of discovery
 - Protect the discovery area
 - Notify the Engineer
 - The Department Investigates. Do not move cultural materials or take them from the job site. Retain a qualified archaeologist to assess the significance of the find. Do not resume work within the discovery area until authorized.
- If human remains are discovered, State Health and Safety Code Section 7050.5 states that further disturbances and activities shall cease in any area or nearby area suspected to overlie remains, and the County coroner contacted. Pursuant to Public Resources Code Section 5097.98. If the remains are thought to be Native American, the coroner will notify the Native American Heritage Commission (NAHC) who will then notify the Most Likely Descendent (MLD). At the same time the landowner will work with the MLD on the respectful treatment and disposition of the remains. Further provisions of PRC 5097.98 are to be followed as applicable.

Biology:

- If work is to occur during the bird nesting season (February 1 – September 30), swallow exclusionary measures will be installed prior to the start of the nesting season and prior to the start of any construction activities. Caltrans Standard Special Provision 14-6.03A shall be included in the contract.

No permits required.
