Present Land Use/Zoning/General Plan Designation:

Public roadways and right-of-way / existing WWTP

Project Description: (please use a separate page if necessary)

This Project will involve replacing or rehabilitating approximately 65,229 linear feet of existing sewer main pipeline within the City of Avenal and upgrading existing infrastructure at the WWTP. Sewer main pipeline improvements will consist of "in-kind" rehabilitation and replacements of the City's gravity sewer mains. Improvements to the WWTP consist of replacing or rehabilitating valves, screens, gates, control systems, and other necessary improvements. All WWTP repairs or upgrades will be completed within the existing WWTP footprint and will not involve new ground disturbance.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X". If you have already sent your document to the agency please denote that with an "S".
