

NOTICE OF INTENT TO ADOPT MITGATED NEGATIVE DECLARATION

Name of Project: Joint Outfall "F" Unit 3A Trunk Sewer Rehabilitation Project

Project Location: The project site is located on the east and west levees of the San Gabriel River, in the Cities of Bellflower and Cerritos, respectively. The project site is located on each side of the Joint Outfall F Unit 3A siphon. The siphon crosses the San Gabriel River and allows upstream sewer flows to bypass the Los Coyotes Water Reclamation Plant, approximately 300 feet from the project site. The project site is within Los Angeles County Flood Control right-of-way, along the levees of the San Gabriel River.

Entity or Person

Undertaking Project: County Sanitation District No. 2 of Los Angeles County

Project Description: The County Sanitation District No. 2 of Los Angeles County (District) proposes the rehabilitation of a portion of the Joint Outfall F Unit 3A, a reinforced concrete pipe by constructing concrete encasements around the existing siphon structure. Due to the condition of the existing siphon structure, the District proposes to rehabilitate two locations of the Joint Outfall F Unit 3A located on either side of the San Gabriel River (River) in order to protect the siphon that crosses the River.

NOTICE IS HEREBY GIVEN THAT County Sanitation District No. 2 of Los Angeles County proposes to issue an Initial Study/Mitigated Negative Declaration (IS/MND) for the project. The IS/MND discloses potential environmental impacts associated with the proposed project. The IS/MND will be released for a 30-day public review period from January 16, 2020 through February 14, 2020. Copies of the IS/MND may be obtained from the District's website "<https://www.lacsd.org/documents/other/docsreview.asp>" and from:
