Subject: ENVIRONMENTAL DOCUMENT REVIEW SCH# 2020020181

The Grass Valley Area has reviewed the above environmental document review. The location of the project is in rural, eastern Nevada County. The potential impact to the Grass Valley Area California Highway Patrol operations are:

1. Increased congestion between I-80 and the Grass Valley area. That area of Nevada county, more specifically the SR-20 corridor, is an arterial route to winter and summer recreational activities.
2. Delayed response times to incidents due to construction.

Should you require additional information, please contact Sergeant Matt Whiting, ID 12888, at (530) 477-4900.

G. STEFFENSON, Lieutenant  
Commander
