**Continuation Sheet**

<b>10-SJ-4</b>	<b>18.8</b>	<b>10-1E310/1019000016</b>	
Dist.-Co.-Rte. (or Local Agency)	P.M./P.M.	E.A/Project No.	Federal-Aid Project No. (Local Project)/Project No.

Continued from page 1:

General:

- Environmental Reevaluation will be required if the scope of the project changes to include additional areas or activities, or if previously unknown cultural or other sensitive resources are discovered. Contact Environmental Office if project changes occur or sensitive resources are discovered.

Hazardous Waste:

- Implement Caltrans Standard Special Provision pertaining to ISA Earth Material containing Lead, 7-1.02K(6)(j)(iii).
- If yellow thermoplastic traffic stripe or pavement markings are removed separately from the pavement, the residue must be tested for hazardous waste prior to disposal and, if found to be hazardous, must be disposed of at Class 1 facility. Implement Caltrans Standard Special Specification 14-11.12 to the construction contract.

Cultural Resources:

- If cultural materials are discovered at the job site, do not disturb the resources and immediately:
  1. Stop all work within a 60-foot radius of the discovery;
  2. Protect the discovery area; and
  3. Notify the Engineer
- The Department investigates. Do not move cultural materials or take them from the job site. Retain a qualified archaeologist to assess the significance of the find. Do not resume work within the discovery area until authorized.
- If human remains are discovered, State Health and Safety Code Section 7050.5 states that further disturbances and activities shall cease in any area or nearby area suspected to overlie remains, and the County Coroner contacted. Pursuant to Public Resources Code Section 5097.98, if the remains are thought to be Native American, the coroner will notify the Native American Heritage Commission (NAHC) who will then notify the Most Likely Descendent (MLD). At the time the landowner will work with the MLD on the respectful treatment and disposition of the remains. Further provisions of PRC 5097.98 are to be followed as applicable.

No permits are required for this project.
