Project Description (Proposed actions, location, and/or consequences).

The project is located in the Downtown Visalia area, bounded by Murray Ave. to the North, Ben Maddox Way to the East, Mineral King to the South, and Conyer St. to the West.
The project is to replace existing street lights. Install new conduit, street light posts, and luminaires. Additional light posts with electrical outlets to be added for speakers and tree lighting. Poles will also have conduit for potential small-cell antennas. Minor encroachments into sidewalk and corner curbs as required to meet current ADA requirements, including Court Street- a State Highway (SR63).

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.
