Project Description (Proposed actions, location, and/or consequen	ices).
This is a request to amend the General Plan, Community Plan, an located at 4731 Kiernan Court in the Community of Salida from Lot to Planned Development to allow for construction of a single-story for low-traffic generating light industrial, office, and commercial us Church of Salida. Beeler Industries, Inc., a grain, nut, and seed p project site across Kiernan Avenue, proposes to utilize the building request also includes allowing additional tenants to occupy up to generating light industrial, office, and commercial uses.	ow Density Residential and A-2-10 (General Agriculture) 19,652 square-foot warehouse building to be utilized es. The site was previously utilized as the Old Brethren rocessing equipment fabricator located just south of the g for fabrication, assembly, and storage. However, this

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

Review of this project has not indicated any features which might significantly impact the environmental quality of the site and/or the surrounding area. As the site is located in an area already developed with residential and light industrial/commercial uses, the project is considered to be infill development. The project site is located in the vicinity of two other current commercial development requests which will each require individual CEQA-compliance—General Plan Amendment and Rezone request number PLN2019-0131 – Lark Landing (APN: 136-037-001) and number PLN2019-0079 – Cal Sierra Financial, Inc. (APN: 003-014-007). Including the subject project proposal, these three development requests comprise the last few undeveloped parcels of the Salida Community Plan area, with the exception of those parcels located in the 2007-adopted Salida Community Plan Amendment area, surrounding the Old Salida Community Plan area. Any development of the Salida Community Plan Amendment area will first require an Environmental Impact Report, to be prepared and certified for the whole amendment area.
