Project Title: General Plan Amendment/Zone Change No. 19-0184

Lead Agency: City of Bakersfield

Contact Name: Steve Esselman, Principal Planner

Email: sesselman@bakersfieldcity.us Phone Number: 661-326-3733

Project Location: Bakersfield Kern
City *County*

Project Description (Proposed actions, location, and/or consequences).

The project proposes a General Plan Amendment/Zone Change (GPA/ZC) on 16.89 acres located east of Old River Road between Panama Lane and Empire State Drive (APN 497-010-92). The request includes: (1) an amendment of the Land Use Element of the Metropolitan Bakersfield General Plan land use designation from LR (Low Density Residential) to LMR (Low Medium Density Residential), or a more restrictive designation, and (2) a change in zone classification from R-1 (One Family Dwelling) to R-2 (Limited Multiple Family Dwelling). The project proposes the development of 63 duplexes (126 units).

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

Potentially significant effects that could result from the proposed project were identified in the Initial Study and include: Air Quality, Biological Resources, Cultural Resources, and Traffic. Mitigation was identified for all potentially significant effects that reduce impacts to less than significant. Mitigation measures include the following: compliance with the San Joaquin Valley Air Pollution Control District's Indirect Source Rule and air quality control measures (Air Quality); pre-construction surveys for species covered under the Metropolitan Bakersfield Habitat Conservation Plan (MBHCP); pre-construction cultural awareness training from a qualified cultural resources specialist and procedures for inadvertent discoveries of unanticipated paleontological and cultural resources, and human remains (Cultural); and participation in the Regional Transportation Impact Fee Program, and obtainment of a street permit or approval of a Traffic Control Plan from the City Public Works Department (Traffic).

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

The Lead Agency knows of no known areas of controversy, including issues raised by agencies and the public.

Provide a list of the responsible or trustee agencies for the project.

The responsible or trustee agencies for the project are:

San Joaquin Valley Air Pollution Control District, California Department of Fish and Wildlife, State Water Resources Control Board.
