

CEQA Filing Fee No Effect Determination

Applicant Name and Address: California Energy Commission
1516 Ninth Street, MS-25
Sacramento, CA 85814

CEQA Lead Agency: California Energy Commission

Project Title: Dedicated Purpose Pool Pump and Replacement Dedicated Purpose Pool Pump Motors Rulemaking

CEQA Document Type: Negative Declaration

State Clearinghouse Number/local agency ID number: 2020030122

Project Location: Statewide

Brief Project Description: The project is a rulemaking proceeding to create energy efficiency standards for replacement dedicated-purpose pool pump motors. This would apply to newly manufactured products sold in California. The project would also incorporate existing federal appliance efficiency regulation for dedicated-purpose pool pumps. The standards would not mandate new technologies or components.

Determination: Based on a review of the project as proposed, the Department of Fish and Wildlife has determined that for purposes of the assessment of CEQA filing fees (Fish & G. Code, § 711.4, subd. (c)) the project has no effect on fish, wildlife or their habitat and the project as described does not require payment of a CEQA filing fee. This determination does not in any way imply that the project is exempt from CEQA and does not determine the significance of any potential project effects evaluated pursuant to CEQA.

Please retain this original determination for your records. Local lead agencies are required to file two copies of this determination with the county clerk at the time of filing the Notice of Determination (NOD) after the project is approved. State lead agencies are required to file two copies of this determination with the Governor’s Office of Planning and Research (i.e., State Clearinghouse) at the time of filing the NOD. If you do not file a copy of this determination as appropriate with the county clerk or State Clearinghouse at the time of filing the NOD, the appropriate CEQA filing fee will be due and payable.

Without a valid CEQA Filing Fee No Effect Determination form or proof of fee payment, the project will not be operative, vested, or final and any local permits issued for the project will be invalid, pursuant to Fish and Game Code section 711.4, subdivision (c)(3).
