Present Land Use/Zoning/General Plan Designation:

Various

Project Description: *(please use a separate page if necessary)*

The project includes site identification, environmental analysis, and rezoning of urban sites for by-right medium density housing. This project will add sites to the County's Housing Element site inventory to comply with the new inventory requirements, and will implement current General Plan Policies and Programs including Policy HE-2f to consider a variety of sites for higher-density and affordable housing, and Housing Element Programs 11 and 20 which encourage the identification of urban sites near jobs and transit which may appropriately accommodate additional housing. The project includes: 1) a General Plan Map amendment as necessary to adjust allowable densities on identified sites; 2) rezoning of sites to match new general plan densities or to add the AH (Affordable Housing) or WH (Workforce Housing) combining zones; and 3) a program EIR to evaluate the potential environmental impacts of the project. The project is intended to facilitate and encourage by-right housing development.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
