Project Title: Disbrow LSA (Streambed Alteration Agreement No. 1600-2018-0136-R3)

Project Location: The project is located at an unnamed tributary to Big Sulphur Creek, in the County of Sonoma, State of California; Latitude 38°50'9.086"N, Longitude 122°59'23.953"W; 31800 Pine Mountain Road, Cloverdale, CA, 95425; Assessor's Parcel Number 115-080-035.

Project Description: The California Department of Fish and Wildlife has executed Lake and Streambed Alteration Agreement number 1600-2018-0136-R3, pursuant to Section 1602 of the Fish and Game Code to William Disbrow.

The project activities under 1600 permitting authority include rock armoring an onsite culvert within a stream crossing. A total of approximately 16 cubic yards of rock will be used to build a rock apron and to stabilize the adjacent streambank. There will be a 6-foot by 25-foot rock riprap retaining wall that stabilizes the soils on the streambank. At the culvert outlet, there will be an 8-foot by 10-foot rock apron. The median rock size to be installed in both sections is 19 inches in diameter.
