SUBJECT: Filing of Notice of Determination in compliance with Section 21108 or 21152 of the Public Resources Code.

State Clearinghouse Number: 2020031147

Project Title: Fish Passage and Habitat Improvements to Dry Creek

Project Applicant: Beale Air Force Base

Project Location (include county): Nevada & Yuba County

Project Description:

The project consist of removing a low flow crossing and a low flow stream channel would be constructed; Beale Lake Dam and an existing fish ladder would be fully removed and the Beale Lake area would be re-graded and restored to a free-flowing reach of Dry Creek; and four locations upstream of Beale Air Force Base would receive gravel injections outside of the natural low flow channel, within the floodplain, to allow the material to be naturally distributed downstream of the injection sites during high flow events, improving salmonids spawning habitat that would now be able to access these reaches of Dry Creek. The above ground extent of an abandoned sewer pipe will be removed.

This is to advise that the Central Valley Regional Water Quality Control Board (Lead Agency) has approved the above described project on 14 July 2020 and has made the following determinations regarding the above described project.

1. ☒ The project will not have a significant effect on the environment.
2. ☒ An Environmental Assessment/Finding of No Significant Impact was prepared for this project and complies with the provisions of CEQA.
3. ☒ Mitigation measures were made a condition of the approval of the project.
4. ☒ A mitigation reporting or monitoring plan was adopted for this project.

This is to certify that the final Environmental Assessment/Finding of No Significant Impact, which the Lead Agency has used in the place of a Negative Declaration, is available to the General Public at the following address:

11020 Sun Center Dr #200, Rancho Cordova, CA 95670
