STATE CLEARINGHOUSE

Subject: Review of the Mitigative Negative Declaration for Use Permit 19-0013, State Clearinghouse Number 2020039024, Shasta County

Dear Mr. Topete:

The California Department of Fish and Wildlife (Department) has reviewed the Mitigative Negative Declaration for the above-referenced project (Project) dated March 5, 2020. The Department's review of this Project is pursuant to our role as the State's trustee and responsible agency for fish and wildlife resources under the California Environmental Quality Act, California Public Resources Code section 21000 et seq. The Project proposes to obtain a Use Permit for a commercial truck yard which includes an approximately 8,750-square-foot existing building for office space and warehousing, a new 8,000-square-foot building for truck maintenance, placement of gravel for truck/trailer circulation and parking, new paved driveway for truck access and other ancillary site improvements. The Department commented on this Project on January 10, 2020 via electronic mail. Based on the mitigation measures incorporated into the Project, the Department has no comment. If the Project description changes in any way or additional biological resource information becomes available, the Department should be notified and provided an opportunity to offer comments regarding the updated information.
