Project Description (Proposed actions, location, and/or consequences).

The project is a complete revision to the Safety Element of the Alpine County General Plan. The Safety Element establishes goals, policies and implementation measures intended to avoid or minimize human injury and protect property by reducing the exposure of the community to hazards.

The Alpine County Safety Element addresses the following hazards that are known to have potential for causing injury to people or damage to property in the County:

- A. Wildland Fire
- B. Geologic Hazards
- D. Flood
- E. Noise
- F. Hazardous Materials

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

No potentially significant impacts and no mitigation measures proposed.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

1. The need for more robust and comprehensive policies addressing the threat from potential wildland fire.

Provide a list of the responsible or trustee agencies for the project.

Responsible Agencies:

1. Alpine County
