**Project Description:** (please use a separate page if necessary)

Valley County Water District is proposing the construction and operation of a new 15,122 square-foot District Headquarters that would include two main buildings (an Operations Building and Administration Building), a signage tower, and an Operations warehouse (Proposed Project). The District headquarters is currently located on 14521 Ramona Blvd in the City of Baldwin Park, approximately 2 miles south from the Proposed Project. Due to the aging condition of the building and need of upgraded facilities, the Proposed Project will serve as the new location of the District headquarters.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

## Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".  
If you have already sent your document to the agency please denote that with an "S".
