Project Description: *(please use a separate page if necessary)*

As instructed by the voters pursuant to Measure J, the District is proposing to acquire the Monterey Water Supply system, referred to as the MCD water system, that serves the Monterey Peninsula and outlying areas within unincorporated Monterey County and within the District's jurisdiction; the acquisition and subsequent operation of this water supply system by the District represents the proposed project. The existing system is currently owned and operated by Cal-Am, a subsidiary of the publicly-traded company, American Water Works Company, Inc. The District's proposed acquisition of the MCD water system would include all associated assets (i.e., real, intangible, and personal property) including, but not limited to: water systems and production wells; utility plants; water rights; water supply contracts; and records, books, and accounts.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
