PROJECT TITLE: San Quentin State Prison Tele-psychiatry Offices

PROJECT LOCATION(S): San Quentin State Prison, 100 Main Street, San Quentin CA 95964

Description Of Nature, Purpose, And Beneficiaries Of Project: This is a two phased project consisting of the construction of temporary (approximately 4,520 sqft) and permanent tele-psychiatry offices within a previously disturbed area at San Quentin State Prison (SQSP). The initial phase is now complete which consists of creating a modular office complex to accommodate 18 psychiatrists and support staff. Utilities include water, sewer, power, telephone and data utility connections, ADA compliant parking and fire protection per State Fire Marshal Requirements. CDCR submitted a Notice of Exemption (NOE) in 2018 for both phases (SCH# 2018068246). This NOE is considered a supplement to the 2018 NOE.

The second phase will be the construction of a permanent two-story modular building (approximately 12,000 sqft) to house offices for 50 psychiatrists and support staff. This phase would also involve utility connections. The proposed permanent building will be located within a previously disturbed area formerly used for temporary SQSP executive offices. According to historical information, the project location is not considered a historical contributor to the SQSP Historical District.

All work shall be in compliance with CDCR Design and Construction Policy Guidelines, Building Codes, ADA, and State Fire Marshal (SFM) requirements.

Name Of Public Agency Approving Project: California Department of Corrections and Rehabilitation

Name Of Person Or Agency Carrying Out Project: California Department of Corrections and Rehabilitation, Office of Facility Planning, Construction, and Management, 9838 Old Placerville Road, Sacramento, CA 95827

EXEMPT STATUS:

- _____ Ministerial (Sec. 21080(b)(1); 15268)
 _____ Declared Emergency (Sec. 21080(b)(3); 15269(a))
 _____ Emergency Project (Sec. 21080(b)(4); 15269(b)(c))
X Categorical Exemption Class 1, CEQA Guidelines Section 15301 (Existing Facilities)

Reason Why Project Is Exempt: This project involves no expansion of existing use and located within a previously disturbed area that is not considered environmentally or historically sensitive. This is one of a class of projects that the Secretary for Resources has found do not have a significant effect on the environment, and therefore is declared categorically exempt from the requirement for preparing an environmental document.
