San Bernardino County Clerk of the Board
385 North Arrowhead Avenue
San Bernardino, CA 92415

Project Title: Systemwide 2 Pipeline Replacement Project

Project Location - Specific:

The proposed project is located in several areas throughout the City of San Bernardino. These locations include:

- Waterman Avenue between 6th Street & 7th Street
- Highland Avenue between "G" street & "E" Street
- Rialto Avenue between "K" Street & Mount Vernon Avenue
- "K" Street between Rialto Avenue & 2nd Street
- Fremontia Street between 23rd Street & 26th Street
- 23rd Street between Fremontia Street & Valencia Avenue
- Numerous mains along south side of 210 freeway from "G" Street to Pepper Tree Lane

Receipt No: 36-10242019-757

Description of Nature, Purpose and Beneficiaries of Project:

The proposed improvements consist of replacements and upgrades to existing aging water infrastructure. The project consists of the construction of approximately 750 linear feet of 20" diameter ductile iron pipe, 4,612 linear feet of 12" ductile iron pipe, 13 linear feet of 10" ductile iron pipe, and 5,990 linear feet of 8" ductile iron pipe, as well as renewals and reconnection of existing water services and all associated appurtenances.

Name of Public Agency Approving Project: City of San Bernardino Municipal Water Department

Name of Person or Agency Carrying Out Project: City of San Bernardino Municipal Water Department

Exempt Status: (check one):

- ☐ Ministerial (Sec. 21080(b)(1); 15268);
- ☐ Declared Emergency (Sec. 21080(b)(3); 15269(a));
- ☐ Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
- ☒ Categorical Exemption. State type and section number: 15302(c)
- ☐ Statutory Exemptions. State code number: _____

Reasons why project is exempt:

The proposed improvements consist of replacements and upgrades to existing aging water infrastructure. All improvements will be contained within existing City streets and will not result in an expansion of the service area population.

Article 19, Categorical Exemptions, Sections 15300 to 15333 of the CEQA Guidelines contain a list of classes of projects that have been found by the California Natural Resources Agency to have no significant effect on the environment and are declared to be categorically exempt from the provisions of CEQA. The proposed improvements are most closely related to Section 15302(c) which describes exemptions for "replacement or reconstruction of existing utility systems and/or facilities involving negligible or no expansion of capacity." This Section defines Class 2 projects which consist of the "replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced and will have substantially the same purpose and capacity as the structure replaced." The exceptions to the issuances of this specific categorical exemption have been evaluated for the proposed pipeline replacement project. The proposed project has been determined not to have a potential to cause significant adverse environmental impacts as a result of these specific exceptions, and therefore qualifies with the requirements for a Class 2 Exemption.
