DistCoRte. (or Local Agency)	16.7/17.0 P.M./P.M. E.A/Proje	ct No. Federal-Aid Project No. (Loca	l Project)/Project No			
	(Briefly describe project includin	g need, purpose, location, limits, right-of-way				
The California Department of Transportation (Caltrans) proposes a maintenance project in Amador County on State Route 88 in and near the City of Jackson, from Post Miles 14.5 to 15.0 and 16.7-17.0. The limits of the project are located near Broadway to 0.1 mile east of Court Street and from 0.1 mile of Rocky Creek Bridge to 0.1 mile east of Dalton Road. The scope of work includes milling and replacing segments of the existing asphalt concrete and/or cold-in-place recycling dependent on field conditions; digging out any failed pavement and backfilling with HMA (Hot Mix Asphalt),(see continuation page)						
CALTRANS CEQA DETERMINATION (Check one)						
Exempt by Statute. (PRC 210	oposal, supporting information, a 080[b]; 14 CCR 15260 et seq.)	Not Applicable – Caltrans has prepar Environmental Impact Report under CEQ and the above statements, the project is:	2			
Based on an examination of this proposal and supporting information, the following statements are true and exceptions do not						
 apply: If this project falls within exempt class 3, 4, 5, 6 or 11, it does not impact an environmental resource of hazardous or critical concern where designated, precisely mapped, and officially adopted pursuant to law. There will not be a significant cumulative effect by this project and successive projects of the same type in the same place, over time. There is not a reasonable possibility that the project will have a significant effect on the environment due to unusual circumstances. This project does not damage a scenic resource within an officially designated state scenic highway. 						
 This project is not located on a site included on any list compiled pursuant to Govt. Code § 65962.5 ("Cortese List"). This project does not cause a substantial adverse change in the significance of a historical resource. 						
Common Sense Exemption. [This project does not fall within an exempt class, but it can be seen with certainty that there is no possibility that the activity may have a significant effect on the environment (14 CCR 15061[b][3].)

adding a thin 0.10-0.15' HMA overlay, removing and replacing white and yellow striping and pavement markings; replenishing existing shoulder backing; and deteriorated or non-functional AC Dikes will be removed and replaced throughout the limits of the project. All work will occur within the existing Caltrans right-of-way. No construction activities, staging, parking of equipment, storage or dumping of any materials outside of Caltrans' right-of-way will be allowed. The purpose of the project is to repair areas of failing or damaged pavement to extend the service life of State Route 88. The project is needed to prevent further deterioration of the paved highway surface.
