Item: 31

Title: Pacific Gas & Electric Company R-687 L-215 San Joaquin River Crossing Replacement Project

Proponent: Pacific Gas & Electric Company (PG&E)

Location: Sovereign land in the San Joaquin River, near Patterson, Stanislaus County

Description: A portion of the 12-inch-diameter L-215 pipeline is exposed above the San Joaquin riverbed near the southeast shoreline. Due to this exposure, PG&E is proposing to replace the existing L-215 pipeline crossing with an extension of the 24-inch-diameter L-215-1 pipeline using horizontal directional drilling (HDD) at a new location to eliminate the risk of further pipeline exposure due to severe flooding, river scour and channel migration that could lead to pipeline failure. The existing L-215 pipeline would then be decommissioned by removing the segment under the riverbed and abandoning other segments in place. The State Lands Commission action is an amendment of a 20-year General Lease – Right-of-Way Use through June 22, 2040.

This is to advise that the California State Lands Commission, as Lead Agency Responsible Agency, approved the above described project on June 23, 2020, and made the following determinations regarding the project.
