RE: Berth 182 Slope Repair Roadway
Improvement Project – Mitigated Negative
Declaration (MND)
SCH# 2020049018
GTS# 07-LA-2020-03231
Vic. LA-110 PM 2.738

Dear Erin Sheehy,

Thank you for including the California Department of Transportation (Caltrans) in the environmental review process for the above referenced project. The proposed Project involves in-water slope repairs to Berth 182 and asphalt road repairs near the corner Water Street. Project construction is expected to take approximately 10 months.

The nearest State facility to the proposed project is I-110. After reviewing the MND, Caltrans does not expect project approval to result in a direct adverse impact to the existing State transportation facilities. However, any transportation of heavy construction equipment and/or materials which requires use of oversized-transport vehicles on State highways will require a Caltrans transportation permit. We recommend large size truck trips be limited to off-peak commute periods.

If you have any questions, please contact project coordinator Anthony Higgins, at anthony.higgins@dot.ca.gov and refer to GTS# 07-LA-2020-03231.

Sincerely,

Miya Edmonson
