A Director's Order and Supplemental Director's Order were issued to repair damaged slopes after a severe storm event in Nevada and Yuba County on State Route 49 from PM 20.0 to R32.6 and PM 0.0 to 6.0, respectively. The scope of work includes flattening slopes, creating catchment areas, cleaning out drainage ditches, constructing access roads, removing trees, repairing damage to drainage systems, erosion control, and incidental work. This project was needed to avoid the failure or threat of failure to the transportation system as observed failures necessitate immediate repairs and to prevent or mitigate the loss or impairment of life, health, property, and essential public services.
