Project Location: East of Bakersfield, through Weedpatch and Lamont, Kern County, CA  
City County

Project Description (Proposed actions, location, and/or consequences).

The California Department of Transportation (Caltrans) is proposing to rehabilitate the pavement and improve drainage on State Route 184 within the communities of Lamont and Weedpatch in Kern County, California. The project would provide traffic signal modifications, intersection upgrades, Americans with Disabilities Act upgrades and Class 2 bike lanes.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The proposed project would not have a significant effect on the environment. No mitigation is required. Avoidance and minimization measures would be implemented for biological resources, cultural resources, geology and soils, greenhouse gas emissions, hazards and hazardous materials, hydrology, and water quality.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.
