Project Title: PG&E Pipeline Maintenance Project

Project Location: The Project includes pipeline maintenance at three separate locations (identified by PG&E as R-354, R-519, and RT-102) along the eastern boundary of the City of Eureka, California within Humboldt County. The R-354 Project site is located furthest north along Freshwater Slough approximately 0.5 miles upstream from its confluence with Eureka Slough. The R-519 Project site crosses Ryan Slough, just north of the Myrtle Avenue Bridge. The RT-102 Project site is located west of Mitchell Road along Ryan Creek within the McKay Community Forest.

Project Description: The Project objectives are maintenance of three pipeline areas by either permanently decommissioning and replacing previously retired pipelines and/or reducing pipeline exposure due to erosion; thereby improving the operating condition and safety of the system in each area. PG&E intends to decommission the previously retired 8-inch diameter Line 137B Freshwater Slough crossing under the slough bed (R-354), replace and decommission the existing 4-inch diameter Line 137C (L-137C) Ryan Slough crossing that is currently exposed in the slough bed (R-519), and to remediate the erosion issues resulting from water flowing across an earth berm that runs along the west side of Ryan Creek (RT-102).

This is to advise that the HBHRCD, as Lead Agency, has approved the above described project on July 23, 2020 and made the following determinations:

1. The project [☐will ☒will not] have a significant effect on the environment.
2. ☐An Environmental Impact Report was prepared pursuant to provisions of CEQA.
☒A Negative Declaration was prepared by the Lead Agency for this project pursuant to provisions of CEQA.
3. Mitigation Measures [☒were ☐were not] made a condition of the approval.
4. A mitigation reporting or monitoring plan [☒was ☐was not] adopted by the Lead Agency for this project.
5. A Statement of Overriding Considerations [☐was ☒was not] adopted.
6. Findings [☒were ☐were not] made pursuant to the provisions of CEQA.

The IS/MND is available to the general public at the HBHRCD office 601 Startare Drive, Eureka, CA and online at <http://humboldtby.org/>.
