EL CAMINO
REAL ROADWAY
RENEWAL

Public Meeting

Environmental Scoping Presentation

Please join us during our public scoping period to continue the conversation about the EL CAMINO REAL ROADWAY RENEWAL PROJECT. We've prepared a virtual meeting platform to provide information about studies that are currently underway and next steps for this project. A video presentation and poster gallery will highlight environmental considerations for the planned roadway improvements on this critical corridor.

Your comments are important to us!

We hope you'll visit us at our **virtual public meeting website** between **May 26 and July 6, 2020**
