ENVIRONMENTAL DETERMINATION: State law requires the preparation of an EIR for projects that have the potential for environmental impacts. Public Resources Code Section 21002 requires that an EIR identify the significant effects of a project on the environment and provide measures or alternatives that can mitigate or avoid these effects. The EIR evaluates the environmental effects associated with the development of the project and discusses the manner in which the project's significant effects can be reduced or avoided through the implementation of mitigation measures or feasible alternatives to the proposed project.

APPEAL: If in the future anyone wishes to challenge the decision of the City Council in court, one may be limited to raising the issues that were raised or presented in written correspondence delivered to the City Council at, or before, the scheduled public hearing. For further information on this subject, please contact the Planning and Community Preservation Department at (626) 355-7138.
