SANTA ANA, CALIFORNIA 92701

In accordance with Orange **County Board of Supervisor's policies regarding implementation of the California** Environmental Quality Act, the County of Orange has conducted an Initial Study to determine whether the following project may have a significant adverse effect on the environment. On the basis of that study, the County of Orange hereby finds that the proposed project will not have a significant adverse effect on the environment and does not require the preparation of an Environmental Impact Report because either the proposed project:

- ☐ has or creates no significant environmental impacts requiring mitigation; or
- ☒ will not create a significant adverse effect, because the Mitigation Measures described in the Initial Study have been added to the project.

The Project site is not located on a site listed pursuant to Section 65962.5 of the California Government Code (i.e., Cortese List). This environmental document, which constitute the Initial Study and provide the basis and reasons for this determination are attached and hereby made a part of this document.

PROJECT:

Title: Legacy at Coto

File No: PA 20-0022

Location: 23333 & 23335 Avenida La Caza, Coto de Caza, CA 92679, in Unincorporated Orange County

Description: The proposed project would develop a 101-unit active senior living project on the site of the former Vic Braden Tennis College. NOTICE: The Mitigated Negative Declaration may become final unless written comments are received by the office listed above by 3:30 p.m. on July 31, 2020. If you wish to provide comments on the appropriateness or adequacy of this document, address your written comments to our finding that the project will not have a significant adverse effect on the environment: (1) identify the environmental effect(s), why they would occur, and why they would be significant, and (2) suggest any mitigation measures which you believe would eliminate or reduce the effect to an acceptable level. Regarding item (1) above, explain the basis for your comments and submit any supporting data or references.

Dated: 6/23/20

Signed: KCanning

NOTE: The attached proposed Mitigated Negative Declaration and supporting studies are provided to the general public for review. It is an information document about environmental effects only. Supplemental information is on file and may be reviewed in the office listed above. The decision-making body will review this document and potentially many other sources of information before considering the proposed Project.
