The Town of Colma is updating its 1999 General Plan. The 2040 General Plan update will provide the context to effectively plan and manage the Town of Colma based on an updated set of goals, policies, and implementation programs that reflect the values and aspirations for the future expressed by the community. As required by CA Government Code section 65302, the General Plan will cover the seven mandated elements. However, for the Town of Colma General Plan Update these include: Land Use, Circulation/Transportation (Mobility), Housing, Natural Resources/Conservation, Hazards and Safety. In addition to these elements, Colma has chosen to prepare an Historic Resources Element due to most of the Town's land use being reserved for cemetery uses the many historic resources present both in and outside of the Town's cemeteries.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
