General Plan: Agricultural

Zoning: A-1 General Agricultural

Project Description: (please use a separate page if necessary)

The proposed project would expand the existing dairy beyond its current permitted capacity so that the modified dairy would house 2,500 milk cows, 500 dry cows, and 2,950 support stock. This would represent an increase of 1,300 animals from existing numbers. The project would include construction of approx. 375,500 sq ft of new structures; 42,440 sq ft of structures would be removed. Approximately 14 acres of cropped acreage would be converted to active dairy facilities.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
