State Clearinghouse Number: 2020070226

Project Description: Reconfigure the existing SR 37 highway lanes from west of the SR 121 intersection to the Walnut Ave Overcrossing at Mare Island. The project would widen the Tolay Creek Bridge; have four lanes (two full-time lanes in each direction); have 8-foot shoulders (except at Sonoma Creek Bridge, which would have 4-foot shoulders); and would widen the Sonoma Creek Bridge. In each direction the existing lane would be converted to a full-time HOV lane and the added lane would be a toll lane.

This is to advise you that a finding of No Significant Impact (FONSI) has been made for this project by the California Department of Transportation as assigned by the Federal Highway Administration pursuant to 23 USC 327. A copy of the FONSI and the attached Environmental Assessment can be obtained from the California Department of Transportation office located at the above address.
