Re: Native American Tribal Consultation, Pursuant to the Assembly Bill 52 (AB 52), Amendments to the California Environmental Quality Act (CEQA) (Chapter 532, Statutes of 2014), Public Resources Code Sections 5097.94 (m), 21073, 21074, 21080.3.1, 21080.3.2, 21082.3, 21083.09, 21084.2 and 21084.3, Cypress Town Center Project, Orange County

Dear Mr. Zwack:

Pursuant to Public Resources Code section 21080.3.1 (c), attached is a consultation list of tribes that are traditionally and culturally affiliated with the geographic area of the above-listed project. Please note that the intent of the AB 52 amendments to CEQA is to avoid and/or mitigate impacts to tribal cultural resources, (Pub. Resources Code §21084.3 (a)) ("Public agencies shall, when feasible, avoid damaging effects to any tribal cultural resource.")

Public Resources Code sections 21080.3.1 and 21084.3(c) require CEQA lead agencies to consult with California Native American tribes that have requested notice from such agencies of proposed projects in the geographic area that are traditionally and culturally affiliated with the tribes on projects for which a Notice of Preparation or Notice of Negative Declaration or Mitigated Negative Declaration has been filed on or after July 1, 2015. Specifically, Public Resources Code section 21080.3.1 (d) provides:

Within 14 days of determining that an application for a project is complete or a decision by a public agency to undertake a project, the lead agency shall provide formal notification to the designated contact of, or a tribal representative of, traditionally and culturally affiliated California Native American tribes that have requested notice, which shall be accomplished by means of at least one written notification that includes a brief description of the proposed project and its location, the lead agency contact information, and a notification that the California Native American tribe has 30 days to request consultation pursuant to this section.

The AB 52 amendments to CEQA law does not preclude initiating consultation with the tribes that are culturally and traditionally affiliated within your jurisdiction prior to receiving requests for notification of projects in the tribe's areas of traditional and cultural affiliation. The Native American Heritage Commission (NAHC) recommends, but does not require, early consultation as a best practice to ensure that lead agencies receive sufficient information about cultural resources in a project area to avoid damaging effects to tribal cultural resources.

The NAHC also recommends, but does not require that agencies should also include with their notification letters, information regarding any cultural resources assessment that has been completed on the area of potential effect (APE), such as:

1. The results of any record search that may have been conducted at an Information Center of the California Historical Resources Information System (CHRIS), including, but not limited to:

- A listing of any and all known cultural resources that have already been recorded on or adjacent to the APE, such as known archaeological sites;
- Copies of any and all cultural resource records and study reports that may have been provided by the Information Center as part of the records search response;
- Whether the records search indicates a low, moderate, or high probability that unrecorded cultural resources are located in the APE; and
- If a survey is recommended by the Information Center to determine whether previously unrecorded cultural resources are present.

2. The results of any archaeological inventory survey that was conducted, including:

- Any report that may contain site forms, site significance, and suggested mitigation measures.

All information regarding site locations, Native American human remains, and associated funerary objects should be in a separate confidential addendum, and not be made available for public disclosure in accordance with Government Code section 6254.10.

3. The result of any Sacred Lands File (SLF) check conducted through the Native American Heritage Commission was negative.

4. Any ethnographic studies conducted for any area including all or part of the APE; and

5. Any geotechnical reports regarding all or part of the APE.

Lead agencies should be aware that records maintained by the NAHC and CHRIS are not exhaustive and a negative response to these searches does not preclude the existence of a tribal cultural resource. A tribe may be the only source of information regarding the existence of a tribal cultural resource.

This information will aid tribes in determining whether to request formal consultation. In the event that they do, having the information beforehand will help to facilitate the consultation process.

If you receive notification of change of addresses and phone numbers from tribes, please notify the NAHC. With your assistance, we can assure that our consultation list remains current.

If you have any questions, please contact me at my email address: Andrew.Green@nahc.ca.gov.

Sincerely,

Andrew Green
Cultural Resources Analyst

Sam Dunlap
Gabrielino Tongva Tribe
TongvaTCR@gmail.com

Dear Mr. Dunlap:

Melia Homes is proposing the Cypress Town Center Project (proposed project). Please consider this letter as formal notification of the proposed project as required under the California Environmental Quality Act (CEQA), specifically Public Resources Code (PRC) Section 21080.3.1 and Chapter 532 Statutes of 2014 (i.e., Assembly Bill 52).

The project site is located at the southwest corner of Vessels Circle on the southeast portion of the existing Los Alamitos Race Course parking lot in the City of Cypress (see Figures 1 and 2, attached). The proposed project anticipates the development of multi-family residential homes on the project site, which is currently a paved parking lot. The proposed project would include two types of multi-family units: 56 two-story condominiums in four buildings that would be arranged around motor courts in the center portion of the project site; and 79 three-story row townhomes that would be located throughout the outer portions of the project site. The proposed project also includes an off-site swale south of the project site that would direct overflow from the proposed on-site drainage facilities towards Winners Circle. Access to the project site would be provided via a driveway from a proposed extension of Vessels Circle to the north of the project site. Additionally, the proposed project includes an off-site, 200-foot-long bioswale to treat drainage from the proposed Vessels Circle extension.

A search of the Sacred Lands Files conducted by the Native American Heritage Commission (NAHC) was negative for the presence of tribal cultural resources within the project site. Pursuant to PRC Section 21080.3.1(d), you have 30 days from receipt of this letter to respond in writing if you would like to consult on this proposed project. If you do not wish to consult for the proposed project, a written response indicating your declination to consult would be appreciated. Please provide a designated lead contact person if you have not provided that information to us already.

If you have any general questions or concerns about the project, please contact me via email at cityplanner@cypressca.org or by phone at (714) 229-6720.

Sincerely,

Jeff Zwack, City Planner
City of Cypress

Andrew Salas, Chairperson
Gabrieleno Band of Mission Indians – Kizh Nation
P.O. Box 393
Covina, CA 91723

Dear Honorable Chairperson Salas:

Melia Homes is proposing the Cypress Town Center Project (proposed project). Please consider this letter as formal notification of the proposed project as required under the California Environmental Quality Act (CEQA), specifically Public Resources Code (PRC) Section 21080.3.1 and Chapter 532 Statutes of 2014 (i.e., Assembly Bill 52).

The project site is located at the southwest corner of Vessels Circle on the southeast portion of the existing Los Alamitos Race Course parking lot in the City of Cypress (see Figures 1 and 2, attached). The proposed project anticipates the development of multi-family residential homes on the project site, which is currently a paved parking lot. The proposed project would include two types of multi-family units: 56 two-story condominiums in four buildings that would be arranged around motor courts in the center portion of the project site; and 79 three-story row townhomes that would be located throughout the outer portions of the project site. The proposed project also includes an off-site swale south of the project site that would direct overflow from the proposed on-site drainage facilities towards Winners Circle. Access to the project site would be provided via a driveway from a proposed extension of Vessels Circle to the north of the project site. Additionally, the proposed project includes an off-site, 200-foot-long bioswale to treat drainage from the proposed Vessels Circle extension.

A search of the Sacred Lands Files conducted by the Native American Heritage Commission (NAHC) was negative for the presence of tribal cultural resources within the project site. Pursuant to PRC Section 21080.3.1(d), you have 30 days from receipt of this letter to respond in writing if you would like to consult on this proposed project. If you do not wish to consult for the proposed project, a written response indicating your declination to consult would be appreciated. Please provide a designated lead contact person if you have not provided that information to us already.

If you have any general questions or concerns about the project, please contact me via email at cityplanner@cypressca.org or by phone at (714) 229-6720.

Sincerely,
