CITY OF ALAMEDA PLANNING BOARD
RESOLUTION NO. PB-20-19

APPROVING USE PERMIT APPLICATION PLN20-0160 TO ALLOW THE OPERATION OF A CANNABIS RETAIL DISPENSARY AT 2416 LINCOLN AVE (PLN20-0160).

WHEREAS, on April 8, 2020, Burch Greene on behalf of Alameda NUG Shop submitted an application for a Use Permit to allow the operation of a Cannabis Retail Dispensary and Design Review for building and site alterations at 2416 Lincoln Avenue; and

WHEREAS, on July 13, 2020, the application was deemed complete; and

WHEREAS, the project site is designated as Community Commercial in the General Plan; and

WHEREAS, the project site is located within the C-C-T (Community Commercial, Theatre Combining) Zoning District, and pursuant to Section 30-10.1(g) of the Alameda Municipal Code (AMC), Cannabis Retail is conditionally permitted in the C-C Community Commercial Zone; and

WHEREAS, the Planning Board held a duly noticed public hearing on August 17, 2020 and reviewed the application for a use permit and design review, PLN20-0160, and all applicable material including public comments; and

NOW, THEREFORE, BE IT RESOLVED, that the Planning Board makes the following findings in support of the project's approval:

USE PERMIT

- 1. The location of the proposed use is compatible with other land uses in the general neighborhood area, and the project design and size is architecturally, aesthetically, and operationally harmonious with the community and surrounding development.**

The location of the proposed use is compatible with other land uses in the general neighborhood area, and the proposed operations are harmonious with the community and surrounding development. The proposed land use is a retail use, similar to a pharmacy. Customers visit the business to purchase a product or conduct business. The Cannabis Retail dispensary operations will be conducted entirely within the existing building. Exterior alterations and site improvements will reduce the size of the building, and the project will be operationally harmonious to the surrounding commercial district properties. The proposed work requires Design Review approval, but any changes to the exterior of the building will be finished with materials matching the existing main structure. Both the City's Cannabis Business Ordinance (AMC Section 6-59.1 *et seq.*)

and conditions of approval of this permit require the applicant to provide a security plan for review and approval by the Chief of Police, which includes a full-time private security guard to maintain existing conditions in the public right of way adjacent to the business.

2. The proposed use will be served by adequate transportation and service facilities including pedestrian, bicycle, and transit facilities.

The project will improve the currently unpaved rear of the property to provide five new off-street parking spaces for the business. Additionally, the project site is located within the Park Street commercial district, which is fully developed and does not require additional transportation or service facilities on-site. The site is served by AC Transit bus routes 20, 51A, 96, and O, which all have stops within a quarter mile walking distance. The project conditions of approval require installation of two bicycle racks to increase availability in the Park Street business district and membership with the Alameda Transportation Management to provide all full-time and part-time employees with one AC Transit EasyPass. Therefore, the proposed use will be served by adequate transportation and service facilities, including pedestrian, bicycle, and transit facilities, in addition to newly constructed off-street parking.

3. The proposed use, if it complies with all conditions upon which approval is made contingent, will not adversely affect other property in the vicinity and will not have substantial deleterious effects on existing business districts or the local economy.

The proposed use with all conditions will not adversely affect property in the vicinity and will not have substantial deleterious effects on existing business districts or the local economy. The project, through the conditions of approval of this use permit and the Cannabis Business Operator's Permit, will implement a series of Good Neighbor Policies and a security plan to address any potential impacts or nuisances to the surrounding neighborhood. These policies address potential outdoor nuisances including safe exterior lighting; odor control; on-site noticing for patrons to deter smoking, cannabis consumption in public spaces, and littering; and at least one security guard to enforce these policies. Inside the building, the applicant is also required to install odor control, filtration, and ventilation system(s) to control odors, humidity, and mold so that odor generated inside the property is not detected outside the property. Violations of the conditions herein or of the general conditions in AMC Section 6-59.10 are grounds for the City to take enforcement action, including the issuance of administrative citations, and to revoke or modify this use permit.

4. The proposed use relates favorably to the General Plan.

The project relates favorably to General Plan Policy 2.5.a, which calls for providing enough retail business and services to provide Alameda residents with a full range of services. The project conditions of approval require funding for two new bicycle racks and membership with the Alameda Transportation Management Association, which relates favorably to Implementing Policy 2.5.s, which calls for improving public transit service and transit facilities in retail areas. The funding for bicycle racks will provide new transit facilities within the Park Street business district and membership in the Alameda

Transportation Management Association will result in the distribution of an ACTransit EasyPass to each employee and increase demand for public transit in the Webster Street business district.

BE IT FURTHER RESOLVED, that the Planning Board finds this project exempt from the California Environmental Quality Act (CEQA) pursuant to CEQA Guidelines Sections 15183 (projects consistent with General Plan and Zoning) and 15301 (existing facilities) – operation, permitting or leasing of existing private structures involving negligible or no expansion of use beyond that which exists, each as a separate and independent basis; and

10. **Site Fencing:** Plans submitted for building permits shall show the extension of fencing along the east property line shared with the property at 2408 Lincoln Avenue.
11. **Compliance with All Applicable Laws:** Applicant must comply with all applicable laws (as amended), including without limitation, the AMC provisions applicable to the project (including but not limited to AMC Sections 6-59 and 30-10) generally or the use or operation of the project site in particular (commercial cannabis activity), any implementing regulations adopted by the City (as amended), and State law and regulations governing cannabis (as amended), all of which is incorporated by this reference.
