Reclamation District No. 817 plans to address continued erosion and associated flood risk by constructing approximately 2,800 linear feet of setback levee, degrading the same stretch of existing levee, and using the degrade material to buttress a section of the existing levee on the north bank of the Bear River beginning at the downstream tie-in location of the setback levee and extending up to 8,500 linear feet downstream.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

## Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "X".  
If you have already sent your document to the agency please denote that with an "S".

☒ Air Resources Board  
☐ Boating & Waterways, Department of  
☐ California Emergency Management Agency  
☐ California Highway Patrol  
☒ Caltrans District # 3  
☐ Caltrans Division of Aeronautics
