RE: Notice of Opportunity to Consult for the Date Palm Drive Bicycle Lane and Sidewalk Improvements Project in the City of Cathedral City

Dear Mr. Mirelez:

The City of Cathedral City has initiated an environmental review under the California Environmental Quality Act (CEQA) and Assembly Bill 52 (AB 52) for the Date Palm Drive Bicycle Lane and Sidewalk Improvements Project. Under the implementation of the Coachella Valley Association of Governments' regional Active Transportation Plan, the City of Cathedral City proposes to widen the easterly portion (0.3 mile) of Date Palm Drive between Highway 111 and Perez Road to accommodate new curb and gutter, sidewalk, and Class II bike lanes. The existing bridge over the North Cathedral Canyon Flood Control Channel (State Br. No. 56C0195) will consequently need to be widened. The existing structure is a two-span reinforced concrete slab bridge that is supported by two diaphragm-type abutments and a middle pier wall. The bridge length is approximately 50 feet.

In accordance with AB 52 and Section 21080.3.1(d) of the California Public Resources Code (PRC), we are responding to your request to be notified of projects in our jurisdiction that will be reviewed under CEQA. Your name was provided to us as the point of contact for your tribe. We are hereby notifying you of an opportunity to consult with us regarding the potential for this project to impact Tribal Cultural Resources, as defined in Section 21074 of the PRC. The purposes of tribal consultation under AB 52 are to determine, as part of the CEQA review process, whether or not Tribal Cultural Resources are present within the project area, and if so, whether or not those resources will be significantly impacted by the project. If Tribal Cultural Resources may be significantly impacted, then consultation will also help to determine the most appropriate way to avoid or mitigate those impacts.

In accordance with Section 21080.3.1(d) of the PRC, you have 30 days from the receipt of this letter to either request or decline consultation in writing for this project. Please send your written response by mail before March 25, 2021 to John Corella at 68700 Avenida Lalo Guerrero, Cathedral City, CA 92234 or by email at JCorella@cathedralcity.gov. If we

do not receive a response within 30 days, we will proceed. Thank you and we look forward to your response.

Respectfully,
