## NOTICE OF DETERMINATION

To: X Office of Planning and Research P.O. Box 3044 Sacramento, CA 95812-3044 From: Riverside County Flood Control and Water Conservation District 1995 Market Street Riverside, CA 92501 Contact: Jerry Aguirre, 951.955.1245

Lead Agency: Same as above.

Riverside, CA 92507

Subject: Filing of Notice of Determination in compliance with Section 21152 of the Public Resources Code

State Clearinghouse Number: 2021030570

X Riverside County Clerk

County of Riverside 2724 Gateway Drive

Project Title: Wildomar Master Drainage Plan (MDP) Lateral C Revision Project

**Project Location:** The project is located in the southwest portion of Riverside County, in the city of Wildomar. More specifically, the project is located on APNs 367-110-007, 367-110-008, 367-433-015, 367-472-001, 367-472-002, and 367-472-020 in Township 6 South, Range 4 West, Sections 26 and 35 West on the Wildomar 7.5 Series Topographic Quadrangle map.

**Project Description:** The Riverside County Flood Control and Water Conservation District (District), in partnership with the City of Wildomar (City), is proposing to revise the originally proposed Wildomar MDP Lateral C facility. The Wildomar MDP was adopted in August 1980 with the purpose of identifying drainage system needs to alleviate current and anticipated drainage problems with the City. The MDP included Lateral C as a concrete-lined trapezoidal channel within Bundy Canyon Wash from its confluence with Wildomar Channel to its upstream terminus at Interstate 15. A revision to the Lateral C system is proposed due to environmental constraints associated with constructing Lateral C within Bundy Canyon Wash and because the remaining Lateral C system as currently designed in the existing MDP is no longer capable of addressing existing and future drainage needs based on current development trends in the City. The Wildomar MDP Lateral C revision includes the following five components: Bundy Canyon Basin, Bundy Canyon Channel Lateral A Extension (Main Inlet Channel), Lateral C (Mainline Facility), Lateral C-2, and Lateral C-3.

**CEQA Determination:** This is to advise that the District (Lead Agency) has approved the above-described project on July 20, 2021 pursuant to the California Environmental Quality Act (CEQA) and has made the following determinations:

- 1. The project will not have a significant effect on the environment.
- 2. A Mitigated Negative Declaration (MND) was adopted for this project pursuant to the provisions of CEQA.
- 3. Mitigation measures were made a condition of the approval of the project.
- 4. A Mitigation Monitoring Program was adopted for the project.
- 5. A Statement of Overriding Considerations was not adopted for this project.
- 6. Findings were not made pursuant to the provisions of CEQA.

**Public Access to Environmental Document:** The MND is available to the General Public at the Office of the Clerk of the Board, County Administrative Center, 4080 Lemon Street, Riverside, CA 92501. The MND is also available at the District office located at 1995 Market Street, Riverside, CA 92501.
