Project Title: Operation and Maintenance of Pacific Gas & Electric's Pipelines in Southern California Deserts Project								
Lead Agency: California Department of Fish	and Wildlife							
Contact Name: Ashley Rosales								
Email: Ashley.Rosales@wildlife.ca.gov		Phone Numbe <u>r:</u>	760.219.9452					
Project Location: Approx. 645 miles in San E	Bernardino County and Kern							
City		County	′					
Project Description (Proposed actions, locat	ion, and/or consequences).							
The project involves the Pacific Gas & Elect miles of pipelines in the Mojave Desert registransmission system consists of gas pipeline facilities; rights-of-way; areas up to 0.25 miles and facilities. Most of the O&M activities in to expose the pipeline for inspection or reparesult in large new permanent disturbance a O&M activities have been conducted since data on temporary and permanent disturbant frequency of ongoing O&M activities would	on, which encompasses high es; compressor stations; assess beyond the rights-of-way, the O&M program area would air, or to access a given facilitareas. The pipeline system has the pipeline system was instance resulting from O&M activicantinue to be a part of the boundaries.	p-pressure gas pipelines ociated gas transmissic where needed; and the dresult in temporary and ty. The O&M activities pas been in place for moalled. Since 2001, PG& ities. Therefore, the typeaseline conditions in the	s and facilities. The gas on and distribution eir related equipment and short-term impacts proposed would not be than 70 years, and E has been gathering e, number, and e O&M program area.					
would reduce or avoid that effect.	Significant effects and briefly	r describe any propose	u miligation measures that					

The California Department of Fish and Wildlife (CDFW) is the CEQA lead agency for the Operation and Maintenance of PG&E's Pipelines in Southern California Deserts Project. An Environmental Impact Report is being prepared and will identify the project's significant or potentially significant impacts. This is for the Notice for Public Scoping and the availability of the Notice of Preparation.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.					
To be determined through the environmental evaluation that will be conducted.					
Provide a list of the responsible or trustee agencies for the project.					
Responsible and trustee agencies are as follows:					
Bureau of Land Management: Right-of-Way, and DRECP and LUPA compliance					
U.S. Fish and Wildlife Service: Endangered Species Act compliance					
 U.S. Army Corps of Engineers: Federal Clean Water Act Section 404 compliance State Water Resources Control Board: National Pollutant Discharge Elimination System – Construction Storm Water 					
Permit and Construction General Permit					
 Regional Water Quality Control Board: Clean Water Act, Sections 401 and 402, and Porter-Cologne Water Quality Control Act 					
State Historic Preservation Officer: SHPO Consultation					
California Department of Transportation: Encroachment Permits
