The Project proposes to construct a rail car bridge across Calaveras River to allow safe vehicle access for the landowners and District maintenance purposes. The proposed Project is needed because the existing bridge is structurally unsafe, providing a hazard to anyone who uses it. The purpose of the Project is to create safe crossing over the Calaveras River at this location.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
