RE: AB 52 Consultation, 3700 Riverside Drive Mixed-Use Project, Burbank, Los Angeles County, California

Dear Chairperson Salas:

The City of Burbank (City) is preparing an Initial Study-Mitigated Negative Declaration for the proposed 3700 Riverside Drive Mixed-Use Project (project). The project proposes to demolish the existing structures within the 0.61-acre project site and construct a seven-story, mixed-use development consisting of 49 condominium units, 2,000 square feet of ground level restaurant and retail use, a pocket park, and surface and subterranean parking. The proposed project is subject to the California Environmental Quality Act (CEQA) with the City serving as the lead agency.

The proposed project must comply with California Public Resources Code § 21080.3.1 (Assembly Bill [AB] 52 of 2014), which requires local governments to conduct meaningful consultation with California Native American tribes that have requested to be notified by lead agencies of proposed projects in the geographic area with which the tribe is traditionally and culturally affiliated.

Due to the circumstances surrounding COVID-19, an in-person search of the California Historical Resources Information System (CHRIS) is not currently possible. Results from an in-house CHRIS search remain pending. Once these results are made available, they can be provided upon request.

The input of your tribe is important to City's planning process. Due to COVID-19, the state of California temporarily exempted AB 52 from deadlines related to requests for consultation. However, this order expired on June 22, 2020 and we respectfully request a written response within 30 days from receipt of this letter if you wish to consult on the proposed project. If you require any additional information or have any questions, please contact me at 818-238-5250 or via e-mail at dvilla@burbankca.gov. Thank you for your assistance.

Sincerely,

Daniel Villa
