On March 29, 2022, a Draft EIR (#2021-001) was mistakenly posted to State Clearing House (SCH) number 2018022056 which was a SCH number for a previous amendment (EIR #2018-001) to the same quarry. The public/agency comment period for the current project ended on May 12, 2022. Prior to the posting of the Draft EIR, A Notice of Preparation (NOP) was posted to the correct SCH # (2021040627). The Final EIR will be posted under SCH #2021040627 once the comments that were received during the circulation of the Draft are addressed.

I am requesting that a link to SCH# 2018022056 (where the Draft EIR is located) be posted and vice versa to avoid confusion for those persons wanting to view the project.

Thank you for your consideration and for the help in correcting my mistake.
