1. Source(s) of Information:

Identify Sources: SC County License Application Submission, Best Management and Operational Practices Plan, Site Diagram and Security Plan

2. Project Location:

Describe Project Location: 7932 Highway 9, Unit B, Ben Lomond LAT 37.07207, LONG 1-122.08383

Maps Included: Site Diagram (Sheet A1) and BMOP

3. Description of Project Site:

General Topographic Features (slopes and other features): 0.493 Acre flat developed site

Natural Features (general vegetation types, presence of streams and wetlands, forested areas): The entire site is covered in hardscape with the exception of approximately 2,700 square feet of permeable soil adjacent to the residential structure behind the commercial structure.

Existing Land Uses/Zoning: Commercial Services (C-4) this is the highest intensity commercial zone district in Santa Cruz County. Other uses on the site include an automotive repair shop, a retail cannabis dispensary and a residential structure.

Existing Constructed Features (buildings, facilities, and other improvements): A commercial building, a storage shed for the automotive repair shop and a residential building.

Surrounding Land Uses (including sensitive uses): Empty field south of the property, a commercial nursery to the west of the property (across Highway 9), a grocery store/deli to the north of the property and a single family home to the east of the property.

4. Required Site Improvements and Construction Activities:

Site Improvements: The interior of the existing building must be retrofitted to meet security requirements but not expansion of the existing building is proposed.

Construction Activities: Improvements to the existing structure including framing walls and meeting current building code as well as installing security cameras.

5. Operation and Maintenance Activities:

Hours of Operation/Work Shifts: 7:00am to 7:00pm

Number of employees (total and by shift): 2-6 regular employees. Staff may work at the same time or in shifts.

Estimated Daily Trip Generation: 10 or fewer round-trips per day on average.

Source(s) of Water: Site Served by San Lorenzo Water District per letter dated 12/17/19

Wastewater Treatment Facilities: N/A – this is not a cultivation or manufacturing business.

Source(s) of Power: PG&E service

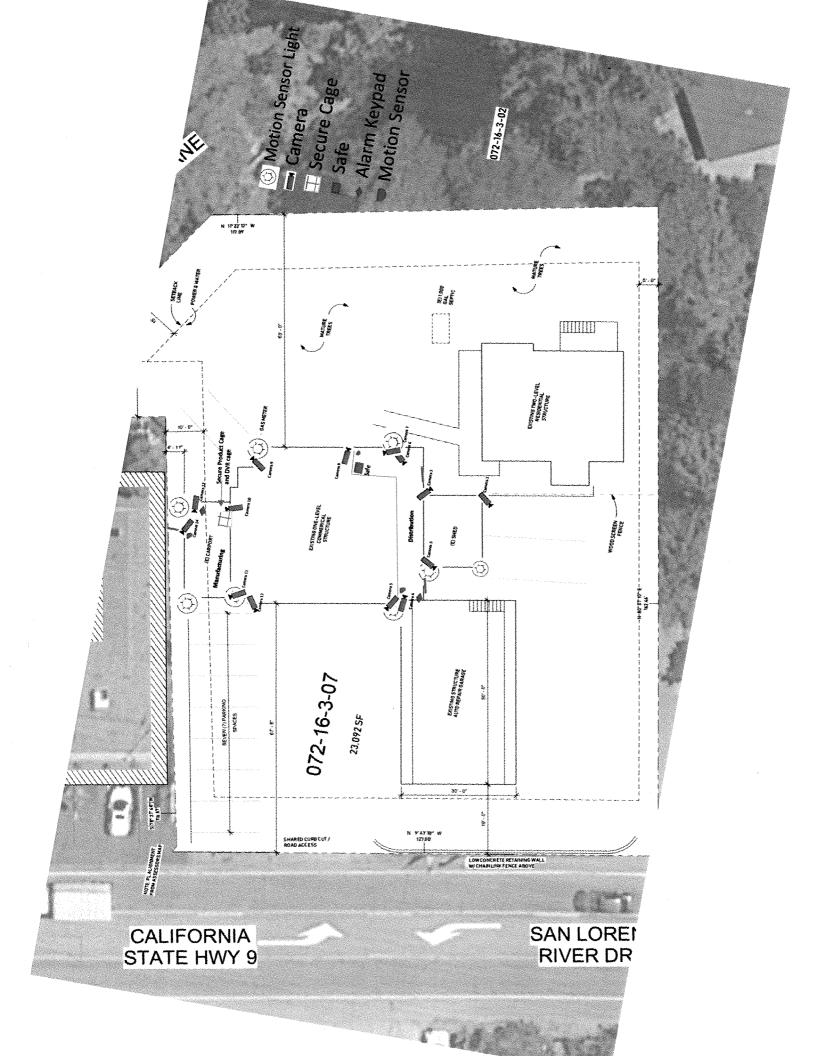

6. Environmental Commitments: "Best Management and Operational Practices" (BMOP) requirements apply to all non-retail commercial cannabis businesses to reduce the environmental impacts of cannabis operations (Santa Cruz County Code Ch. 7.128.090.(A)(1)(a)(xi). A BMOP plan for this project was reviewed by the Cannabis Licensing Office and is kept on file with the license application. BMOP requirements for this project are noted below:

Exceptions to categorical exemptions cited for the proposed non-retail cannabis project include: Class 1 "Existing Facilities". The County of Santa Cruz Cannabis Licensing Office has determined that the proposed project 1) is not visible from scenic highways and/or impactful to scenic resources, 2) is not located on a "Cortese List" site, 3) does not substantially change a historic resource, 4) is likely to not contribute to a significant cumulative environmental impact, 5) is not subject (by location and/or design) to unusual circumstances that would reasonably contribute to a significant environmental impact.

This project is limited to interior renovations of an existing building.

7. Environmental Permits Required (List all required federal, state, and local permits required):
