Folsom, California 95630

RE: Tribal Consultation Record for Compliance with Assembly Bill 52 and CEQA for the Lakeside Memorial Lawn Storage Shed Project, City of Folsom

Dear Mr. Edgerton:

The California Environmental Quality Act (CEQA), as amended in 2014 by Assembly Bill 52 (AB 52), requires that the City of Folsom provide notice to any California Native American tribes that have requested notice of projects subject to CEQA review, and consult with tribes that responded to the notice within 30 days of receipt with a request for consultation. Section 21073 of the Public Resources Code (PRC) defines California Native American tribes as "a Native American tribe located in California that is on the contact list maintained by the NAHC for the purposes of Chapter 905 of the Statutes of 2004." This includes both federally and non-federally recognized tribes. For the City, these include the following tribes that previously submitted general request letters, requesting such noticing:

- Wilton Rancheria (letter dated January 13, 2020);
- Lone Band of Miwok Indians (letter dated March 2, 2016); and
- United Auburn Indian Community (UAIC) of the Auburn Rancheria (letter dated November 23, 2015).

The purpose of consultation is to identify Tribal Cultural Resources (TCRs) that may be significantly impacted by the proposed Project, and to allow the City to avoid or mitigate significant impacts prior to Project approval and implementation. Section 21074(a) of the PRC defines TCRs for the purpose of CEQA as:

Sites, features, places, cultural landscapes (geographically defined in terms of the size and scope), sacred places, and objects with cultural value to a California Native American tribe that are either of the following:

- a) included or determined to be eligible for inclusion in the California Register of Historical Resources; and/or
- b) included in a local register of historical resources as defined in subdivision (k) of Section 5020.1; and/or

- c) a resource determined by the lead agency, in its discretion and supported by substantial evidence, to be significant pursuant to criteria set forth in subdivision (c) of Section 5024.1. In applying the criteria set forth in subdivision (c) of Section 5024.1, for the purposes of this paragraph the lead agency shall consider the significance of the resource to a California Native American tribe.

Because the first two criteria also meet the definition of a Historical Resource under CEQA, a TCR may also require additional consideration as a Historical Resource. TCRs may or may not exhibit archaeological, cultural, or physical indicators and can only be identified by a culturally affiliated tribe, which has been determined under State law to be the subject matter expert for TCRs.

CEQA requires that the City initiate consultation with tribes at the commencement of the CEQA process to identify TCRs. Furthermore, because a significant effect on a TCR is considered a significant impact on the environment under CEQA, consultation is required to develop appropriate avoidance, impact minimization, and mitigation measures. Therefore, in accordance with the requirements summarized above, the City carried out, or attempted to carry out, tribal consultation for the Project. The methods and results of tribal consultation are summarized below, and a copy of the complete non-confidential administrative record is provided in Attachment A.

1.0 SUMMARY OF CONSULTATION

Within 14 days of initiating CEQA review for the Project, on November 25, 2020, the City sent Project notification letters to the three California Native American tribes named above, which had previously submitted general consultation request letters pursuant to Section 21080.3.1(d) of the PRC. Each tribe was provided a brief description of the Project and its location, the contact information for the City's authorized representative, and a notification that the tribe has 30 days to request consultation.

1.1 Lone Band of Miwok Indians

The Lone Band of Miwok Indians did not respond to the City's notification letter, and therefore, the threshold for carrying out tribal consultation with that tribe under PRC 21080.3.1(e) was not met.

1.2 UAIC

On December 11, 2020, and within the 30-day response timeframe, the City received an automated email from the United from UAIC that acknowledged receipt of the City's notification letter, thanked the City for consulting with UAIC, and attached the tribe's consultation record for the project. The response did not include any information on TCRs and indicated that the Tribal Historic Preservation Department would review the Project and respond; however, no further communication was received from UAIC. Because the tribe failed to provide comments or engage with the City pursuant to PRC 21082.3(d)(2), the City considers this consultation requirement complete.

1.3 Wilton Rancheria

On December 1, 2020, and within the 30-day response timeframe, Wilton Rancheria representative Mariah Mayberry responded to the City's initial notification letter by email requesting to formally initiate

consultation under AB 52 on the Project. In her response, Ms. Mayberry stated that the tribe would like to discuss the type of environmental review that is being conducted for the Project, Project alternatives, any significant effects, and mitigation measures for any direct, indirect, or cumulative impacts that the Project may cause to tribal cultural resources. Ms. Mayberry also requested a copy of the cultural resource assessment and results of the record search. Although she did not indicate or suggest that there are TCRs within the Project Area, Ms. Mayberry provided Wilton Rancheria's recommended mitigation measures for TCRs.

On December 14, 2020, the City formally initiated consultation with Wilton Rancheria by inviting Ms. Mayberry to a virtual meeting on December 17, 2020. In the City's initiation letter to the tribe, Associate Planner Josh Kinkade further clarified that the purpose of the Project is to remodel an existing shed, and that there will be no mass grading or excavation associated with the Project. Additionally, Mr. Kinkade provided a link to the Cultural Resources Inventory Report, prepared by ECORP Consulting, Inc. (2020) and a copy of the meeting agenda. Mr. Kinkade requested that if Ms. Mayberry is unable to attend that she contact him to reschedule the meeting to another time that is mutually agreeable.

On December 15, 2020, Ms. Mayberry contacted the City to indicate that she is unavailable to meet at the scheduled time. The City offered another meeting on January 5, 2021, at 8:30 a.m. On January 4, 2021, Ms. Mayberry contacted the City and asked that the meeting be scheduled for 10:00 a.m. instead, and the City accepted. After Ms. Mayberry or any other tribal representatives failed to report to the meeting at the scheduled time, the meeting was terminated by the City after 20 minutes. At approximately noon on January 5, Ms. Mayberry emailed the City to request availability for January 6, and the City offered 3:30 p.m. for another meeting. Ms. Mayberry did not attend the meeting and did not respond to the City to reschedule again. Because the tribe failed to engage meaningfully with the City after a reasonable and good-faith effort composed of multiple attempts to meet with the tribe, pursuant to PRC 21082.3(d)(2), the City considers this consultation requirement complete. Should Wilton Rancheria, or any other culturally affiliated tribe, submit public comments, the City will consider them in accordance with Section 11(b) of AB 52; however, after completing the required notification and consultation procedures specified in AB 52 and the PRC, the City has not been provided any information about TCRs that could be affected by the proposed Project. Therefore, the determination of impacts to TCRs is drawn from other lines of evidence, as summarized below.

1.4 Recommended Findings

Information about potential impacts to TCRs was drawn from the ethnographic context, the results of a search of the Sacred Lands File of the Native American Heritage Commission (NAHC), and the results of a cultural resources inventory prepared by ECORP (2020). The methods and results of these efforts are provided in ECORP 2020 and are hereby incorporated by reference. In summary, the ethnographic information reviewed for the Project, including ethnographic maps, does not identify any villages, occupational areas, or resource procurement locations in or around the current Project Area. In addition, the Sacred Lands File failed to identify any sacred lands or tribal resources in or near the Project Area. The cultural resources survey did not reveal any Native American archaeological sites within or adjacent to the proposed Project Area. Finally, as summarized above, two of the three tribes notified of the Project responded to the City's offer to consult; however, none provided any information about TCRs in the

Project Area. This is not unexpected, as the Project is in a highly disturbed environment and does not involve substantial ground disturbance. As noted in the City's initial notification letter and follow up correspondence with tribes:

"the purpose of this project is to remodel an existing shed to install crematory equipment inside of it, which is a high-temperature furnace with associated equipment. The existing driveway area adjacent to the shed will be subject to minor improvements, but there is no mass grading or major excavation associated with the remodeling of the shed. There will be no new construction of buildings or structures" (Josh Kinkade to Mariah Mayberry, December 14, 2020).

In reviewing the lines of evidence summarized above, this Project will not have an impact on known TCRs. There exists an extremely low potential for the discovery of previously unknown TCRs during Project construction, but if TCRs were to be encountered, the Project activity could result in a significant impact. Implementation of unanticipated discovery procedures, as provided in mitigation measure TCR-1 below, would reduce that impact to less than significant.

TCR-1: Unanticipated Discovery of Tribal Cultural Resources. If potentially significant Tribal Cultural Resources (TCRs) are discovered during ground disturbing construction activities, all work shall cease within 50 feet of the find. A Native American Representative from traditionally and culturally affiliated Native American Tribes that requested consultation on the project shall be immediately contacted and invited to assess the significance of the find and make recommendations for further evaluation and treatment, as necessary. If deemed necessary by the City, a qualified cultural resources specialist meeting the Secretary of Interior's Standards and Qualifications for Archaeology, may also assess the significance of the find in joint consultation with Native American Representatives to ensure that Tribal values are considered. Work at the discovery location cannot resume until the City, in consultation as appropriate and in good faith, determines that the discovery is either not a TCR, or has been subjected to culturally appropriate treatment, if avoidance and preservation cannot be accommodated.

If you have any questions, you may reach me by phone at (916) 782-9100 or by email at LWestwood@ecorpconsulting.com.

Sincerely,

Lisa Westwood, RPA
Vice President and Director of Cultural Resources

ATTACHMENT A

Non-Confidential Tribal Consultation Record

Folsom Crematorium

AB 52 Log

City received a general request letter dated November 23, 2015 from United Auburn Indian Community.

City received a general request letter dated January 13, 2020 from Wilton Rancheria.

City received a general request letter dated March 2, 2016 from Lone Band of Miwok Indians.

November 25, 2020: Initial notices were mailed to UAIC, Lone, and Wilton Rancheria. The 30-day response window closes on December 25, 2020.

December 1, 2020: City received an email from Ms. Mariah Mayberry with Wilton Rancheria formally requesting consultation under AB 52. In her response, Ms. Mayberry requested the opportunity for a tribal representative to participate in cultural resource surveys and requested copies of all cultural resource assessments and results of record searches. The tribe also provided their recommended mitigation measures to the City.

December 11, 2020: City staff received an email from UAIC containing a PDF form that acknowledged receipt of the notice of opportunity to consult on the project, but the tribe did not request nor defer to engage in consultation.

December 14, 2020: City initiated consultation with Wilton by email, invited to consultation meeting on 12/17. Wilton requested to reschedule to 1/5/2021.

January 5, 2021: City held consultation meeting, however Wilton did not attend.

RE: AB 52 Notification Request, California Environmental Quality Act Public Resources Code section 21080.3, subd. (b) Request for Formal Notification of Proposed Projects within the United Auburn Indian Community (UAIC) of the Auburn Rancheria's Geographic Area of Traditional and Cultural Affiliation

Dear City of Folsom Representative:

In accordance with Public Resources Code Section 21080.3.1, subd. (b), The United Auburn Indian Community (UAIC) of the Auburn Rancheria, which is traditionally and culturally affiliated with a geographic area within your agency's geographic area of jurisdiction, requests formal notice of and information on proposed projects for which your agency will serve as a lead agency under the California Environmental Quality Act (CEQA), Public Resources Code Section 21000 et seq.

Enclosed with this letter is a copy of a map that depicts the ancestral territory that the UAIC is traditionally and culturally affiliated with. UAIC's traditionally and culturally affiliated geographic area is supported by, and has been developed through, multiple lines of evidence including oral tradition, history, ethnography, geography, linguistic, kinship, biology, archaeology, anthropology, folklore, other relevant information and expert opinion, and Congressional action through the Auburn Indian Restoration Act of 1994 (H.R. 4228 [103rd]).

Pursuant to Public Resources Code section 21080.3.1, subd. (b), and until further notice, we hereby designate the following person as the tribe's lead contact person for purposes of receiving notices of proposed projects from your agency:

Lead Contact:
Gene Whitehouse,
Chairman
10720 Indian Hill Road
Auburn, CA 95603
916-883-2320

Copies to:
Jason Camp
Tribal Historic Preservation Officer
10720 Indian Hill Road
Auburn, CA 95603
(530) 883-2320
jcamp@auburnrancheria.com

Marcos Guerrero
Cultural Resources Manager
10720 Indian Hill Road
Auburn, CA 95603
(530) 883-2364
mguerrero@auburnrancheria.com

We request that all notices be sent via certified U.S. Mail with return receipt and that your notices specify a lead contact person for your agency. Following receipt and review of the information your agency provides, within the 30-day period outlined in Public Resources Code section 21080.3.1, subd. (d), the UAIC may request consultation, as defined by Public Resources Code section 21080.3.1, subd. (b), pursuant to Public Resources Code section 21080.3.2 to discuss issues including the type of environmental review to be conducted, project alternatives, significant effects of the project and mitigation measures for any project impacts (direct, indirect and cumulative) a specific project may cause to tribal cultural resources.

For your information, UAIC's policy is to be present during project cultural resource surveys, including initial pedestrian surveys, to identify tribal cultural resources. UAIC's policy is also to be provided all existing cultural resource assessments, including the request for and results of any records search that may have been conducted prior to the initial survey or consultation meeting. Finally, UAIC's general policy is preservation in place and avoidance of tribal cultural resources, and any subsurface testing or data recovery must not occur without first consulting with UAIC and receiving UAIC's written consent.

We recommend that your agency retain this correspondence in your permanent files. If you have any questions or need additional information, please contact Marcos Guerrero, Cultural Resources Manager, at (530) 883-2364 or by email at mguerrero@auburnrancheria.com.

Sincerely,

Gene Whitehouse,
Chairman

CC: Jason Camp, THPO
Marcos Guerrero, CRM
Cynthia Gomez, NAHC

UAIC Geographic Area of Traditional and Cultural Affiliation

(for the purposes of California AB 52)

This area includes all of Amador, El Dorado, Nevada, Placer, Sacramento, Sutter and Yuba counties as well as portions of Butte, Plumas, San Joaquin, Sierra, Solano, and Yolo counties.

Map Created on 10/28/2015 by the UAIC Tribal Preservation Department

This map is no substitute for direct consultation with UAIC prior to considering any proposed project or commencing any archaeological activities in or around sensitive areas.

Note: While we make every effort to identify Tribal Cultural Resources that exist within the UAIC Geographic Area of Traditional and Cultural Affiliation, it is highly probable that there are additional, older sites that we have not yet identified due to restricted access or other reasons or that agricultural or construction activities have distributed burials and cultural materials beyond the previously known boundaries of these sites. Even if these materials are in a disturbed condition, they still retain cultural value to UAIC and should be respected and protected. Because of this, thorough survey with a qualified Native American Monitor to confirm site boundaries and search for unknown sites is critical. This survey should be conducted after consultation with the Tribe and prior to the final determination of the type of environmental document to be used.

RE: California Environmental Quality Act Public Resources Code section 21080.3, subd. (b) Request for Formal Notification of Proposed Projects Within Wilton Rancheria Tribe's Geographic Area of Traditional and Cultural Affiliation

Dear Sir or Madam,

As of the date of this letter, in accordance with Public Resources Code Section 21080.3.1, subd. (b), Wilton Rancheria, which is traditionally and culturally affiliated with a geographic area within your agency's geographic area of jurisdiction, requests formal notice of and information on proposed projects for which your agency will serve as a lead agency under the California Environmental Quality Act (CEQA), Public Resources Code section 21000 et seq.

Pursuant to Public Resources Code section 21080.3.1, subd. (b), and until further notice, we hereby designate the following person as the tribe's lead contact person for purposes of receiving notices of proposed projects from your agency:

Attn: Chairman Raymond C. Hitchcock / Director
Ralph Hatch Wilton Rancheria, Cultural Preservation
Department
9415 Rancheria Drive
Wilton, CA 95693 crd@wiltonrancheria-nsn.gov
rhatch@wiltonrancheria-nsn.gov

We request that all notices be sent via certified U.S. Mail with return receipt. Following receipt and review of the information your agency provides, within the 30-day period proscribed by Public Resources Code section 21080.3.1, subd. (d), the Wilton Rancheria may request consultation, as defined by Public Resources Code section 21080.3.1, subd. (b), pursuant to Public Resources Code section 21080.3.2 to mitigate any project impacts a specific project may cause to tribal cultural resources.

If you have any questions or need additional information, please contact our lead contact person listed above.

Respectfully,

Ralph Hatch

RE: Formal Request for Tribal Consultation Pursuant to the California Environmental Quality Act (CEQA), Public Resources Code section 21080.3.1, subs. (b), (d) and (e) for City of Folsom

Dear , Mr. Miller

This letter constitutes a formal request for tribal consultation for the first phase of planning under the provisions of the California Environmental Quality Act (CEQA) (Public Resources Code section 21080.3.1 subdivisions (b), (d) and (e)) for the mitigation of potential project impacts to tribal cultural and environmental resources for the above referenced project. The Ione Band of Miwok Indians requests formal notice and information for all projects within your agency's jurisdiction.

The Ione Band of Miwok Indians requests consultation on the following topics listed below, which shall be included in consultation if requested (Public Resources Code section 21080.3.2, subd. (a)):

- Alternatives to the project
- Recommended mitigation measures
- Significant effects of the project

The Ione Band of Miwok Indians also requests consultation on the following discretionary topics listed below (Public Resources Code section 21080.3.2, subd. (a)):

- Type of environmental review necessary
- Significance of tribal cultural resources, including any regulations, policies or standards used by your agency to determine significance of tribal cultural resources
- Significance of the project's impacts on tribal cultural resources
- Project alternatives and/or appropriate measures for preservation or mitigation that we may recommend, including, but not limited to:

- (1) Avoidance and preservation of the resources in place, pursuant to Public Resources Code section 21084.3, including, but not limited to, planning and construction, geotechnical tests, utility location, and pedestrian surveys to avoid harming the resources (including water, endangered tribal plant resources, and endangered animal resources), and to protect the cultural and natural context, or planning greenspace, parks or other open space, to incorporate the resources with culturally appropriate protection and management criteria;

Ione Band of Miwok Indians

A Federally Recognized Sovereign Tribe

(2) Treating the resources with culturally appropriate dignity, taking into account the tribal cultural values and meaning of the resources, including but not limited to the following:

- Protecting the cultural character and integrity of the resource
- Protecting the traditional use of the resource
- Protecting the confidentiality of the resource

(3) Permanent conservation easements or other interests in real property, with culturally appropriate management criteria for the purposes of preserving or utilizing the resources or places

(4) Protecting the resource

Additionally, the Ione Band of Miwok Indians would like to receive any cultural resources assessments or other assessments that have been completed on all or part of the project's potential "area of project effect" (APE), including, but not limited to:

1. The results of any record search that may have been conducted at an Information Center of the California Historical Resources Information System (CHRIS), including, but not limited to:
 - A listing of any and all known cultural resources that have already been recorded on or adjacent to the APE
 - Copies of any and all cultural resource records and study reports that may have been provided by the Information Center as part of the records search response
 - Notification of whether the probability is low, moderate, or high that cultural resources are located in the APE
 - Notification if a records search indicates a low, moderate or high probability that unrecorded cultural resources are located in the potential APE
 - Notification if a survey is recommended by the Information Center to determine whether previously unrecorded cultural resources are present
2. The results of any archaeological inventory survey that was conducted, including:
 - Any report that may contain site forms, site significance, and suggested mitigation measures
 - All information regarding site locations, Native American human remains, and associated funerary objects; such information should be placed in a separate confidential addendum, and not be made available for public disclosure in accordance with Government Code Section 6254.10.

Ione Band of Miwok Indians

A Federally Recognized Sovereign Tribe

3. The results of any Sacred Lands File (SFL) check conducted through the Native American Heritage Commission. The request form can be found at <http://www.dot.ca.gov/hq/env/cultural/#templates> under Compliance Document Templates. Click on the link *Sacred Lands Inventory Form* to download the pdf. USGS 7.5- minute quadrangle name, township, range, and section are required for the search.
4. Any ethnographic studies conducted for any area including all or part of the potential APE
5. Any geotechnical reports regarding all or part of the potential APE

We would like to remind your agency that CEQA Guidelines section 15126.4, subdivision (b)(3) states that preservation-in-place is the preferred manner of mitigating impacts to archaeological sites. Section 15126.4, subd. (b)(3) of the CEQA Guidelines has been interpreted by the California Court of Appeal to mean that "feasible preservation in place must be adopted to mitigate impacts to historical resources of an archaeological nature unless the lead agency determines that another form of mitigation is available and provides superior mitigation of impacts." *Madera Oversight Coalition v. County of Madera* (2011) 199 Cal.App.4th 48, disapproved on other grounds, *Neighbors for Smart Rail v. Exposition Metro Line Construction Authority* (2013) 57 Cal.4th 439.

The Ione Band of Miwok Indians expects to begin consultation within 30 days of your receipt of this letter. Please contact the Cultural Committee of the Ione Band of Miwok Indians.

Thank you.

Sincerely,

RE: Notice of Opportunity to Consult under Assembly Bill 52 for the Lakeside Memorial Lawn Storage Shed Project, City of Folsom (File # PN 20-160)

Dear Chairwoman Setshwaelo:

The City of Folsom is initiating environmental review under the California Environmental Quality Act (CEQA) for the Lakeside Memorial Lawn Crematorium Project. Igor Semenyuk, on behalf of Lakeside Memorial Lawn (applicant), is proposing to repurpose an existing corrugated steel storage shed at Lakeside Memorial Lawn, located at 1201 Forrest Street. The project includes the installation of a human crematorium in an existing shed, located northeast of the existing mausoleum structures in a previously disturbed maintenance area. Minor improvements to the small existing access road adjacent to the shed are also proposed. Project site plans are enclosed for your reference.

Assembly Bill 52 (AB 52) and Section 21080.3.1(d) of the California Public Resources Code (PRC) require that we respond to your written request to be notified of projects in our jurisdiction that will be reviewed under CEQA. Your name was provided to us as the point of contact for your tribe. We are hereby notifying you of an opportunity to consult with us regarding the potential for this project to impact Tribal Cultural Resources, as defined in Section 21074 of the PRC. The purposes of tribal consultation under AB 52 are to determine, as part of the CEQA review process, whether or not Tribal Cultural Resources are present within the project area, and if so, whether or not those resources will be significantly impacted by the proposed project. If Tribal Cultural Resources may be significantly impacted, then consultation will also help to determine the most appropriate way to avoid or mitigate those impacts.

In accordance with Section 21080.3.1(d) of the PRC, you have 30 days from the receipt of this letter to either request or decline consultation in writing for this project. Please send your written response to my attention at the City of Folsom, Community Development Department, 50 Natoma Street, Folsom, 95630. You may also reach me by email at jkinkade@folsom.ca.us or at 916-461-6209. In your response, please reference the following project name: Lakeside Memorial Lawn Storage Shed, PN 20-160. If I do not receive a response within 30 days, then we will proceed.

Thank you and we look forward to your response.

Respectfully,

A handwritten signature in black ink, appearing to read "Josh Kinkade", is positioned below the word "Respectfully,".

Dear Director Hatch:

The City of Folsom is initiating environmental review under the California Environmental Quality Act (CEQA) for the Lakeside Memorial Lawn Crematorium Project. Igor Semenyuk, on behalf of Lakeside Memorial Lawn (applicant), is proposing to repurpose an existing corrugated steel storage shed at Lakeside Memorial Lawn, located at 1201 Forrest Street. The project includes the installation of a human crematorium in an existing shed, located northeast of the existing mausoleum structures in a previously disturbed maintenance area. Minor improvements to the small existing access road adjacent to the shed are also proposed. Project site plans are enclosed for your reference.

Assembly Bill 52 (AB 52) and Section 21080.3.1(d) of the California Public Resources Code (PRC) require that we respond to your written request to be notified of projects in our jurisdiction that will be reviewed under CEQA. Your name was provided to us as the point of contact for your tribe. We are hereby notifying you of an opportunity to consult with us regarding the potential for this project to impact Tribal Cultural Resources, as defined in Section 21074 of the PRC. The purposes of tribal consultation under AB 52 are to determine, as part of the CEQA review process, whether or not Tribal Cultural Resources are present within the project area, and if so, whether or not those resources will be significantly impacted by the proposed project. If Tribal Cultural Resources may be significantly impacted, then consultation will also help to determine the most appropriate way to avoid or mitigate those impacts.

In accordance with Section 21080.3.1(d) of the PRC, you have 30 days from the receipt of this letter to either request or decline consultation in writing for this project. Please send your written response to my attention at the City of Folsom, Community Development Department, 50 Natoma Street, Folsom, 95630. You may also reach me by email at jkinkade@folsom.ca.us or at 916-461-6209. In your response, please reference the following project name: Lakeside Memorial Lawn Storage Shed, PN 20-160. If I do not receive a response within 30 days, then we will proceed.

Thank you and we look forward to your response.

Respectfully,

A handwritten signature in black ink, appearing to read "Josh Kinkade", is positioned below the "Respectfully," text.

RE: Notice of Opportunity to Consult under Assembly Bill 52 for the Lakeside Memorial Lawn Crematorium Project, City of Folsom (File # PN 20-160)

Dear Chairman Hitchcock:

The City of Folsom is initiating environmental review under the California Environmental Quality Act (CEQA) for the Lakeside Memorial Lawn Crematorium Project. Igor Semenyuk, on behalf of Lakeside Memorial Lawn (applicant), is proposing to repurpose an existing corrugated steel storage shed at Lakeside Memorial Lawn, located at 1201 Forrest Street. The project includes the installation of a human crematorium in an existing shed, located northeast of the existing mausoleum structures in a previously disturbed maintenance area. Minor improvements to the small existing access road adjacent to the shed are also proposed. Project site plans are enclosed for your reference.

Assembly Bill 52 (AB 52) and Section 21080.3.1(d) of the California Public Resources Code (PRC) require that we respond to your written request to be notified of projects in our jurisdiction that will be reviewed under CEQA. Your name was provided to us as the point of contact for your tribe. We are hereby notifying you of an opportunity to consult with us regarding the potential for this project to impact Tribal Cultural Resources, as defined in Section 21074 of the PRC. The purposes of tribal consultation under AB 52 are to determine, as part of the CEQA review process, whether or not Tribal Cultural Resources are present within the project area, and if so, whether or not those resources will be significantly impacted by the proposed project. If Tribal Cultural Resources may be significantly impacted, then consultation will also help to determine the most appropriate way to avoid or mitigate those impacts.

In accordance with Section 21080.3.1(d) of the PRC, you have 30 days from the receipt of this letter to either request or decline consultation in writing for this project. Please send your written response to my attention at the City of Folsom, Community Development Department, 50 Natoma Street, Folsom, 95630. You may also reach me by email at jkinkade@folsom.ca.us or at 916-461-6209. In your response, please reference the following project name: Lakeside Memorial Lawn Storage Shed, PN 20-160. If I do not receive a response within 30 days, then we will proceed.

Thank you and we look forward to your response.

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Good afternoon,

This letter is notice that Wilton Rancheria would like to initiate consultation under AB 52.

We would like to discuss the topics listed in Cal. Public Resources Code section 21080.3.2(a), including the type of environmental review to be conducted for the project; project alternatives; the project's significant effects; and mitigation measures for any direct, indirect, or cumulative impacts the project may cause to tribal cultural resources. As consultation progresses, we may also wish to discuss design options that would avoid impacts to tribal cultural resources; the scope of any environmental document that is prepared for the project; pre-project surveys; and tribal cultural resource identification, significance evaluations and culturally-appropriate treatment.

This letter is also a formal request to allow Wilton Rancheria tribal representatives to observe and participate in all cultural resource surveys, including initial pedestrian surveys for the project. Please send us all existing cultural resource assessments, as well as requests for, and the results of, any records searches that may have been conducted prior to our first consultation meeting. If tribal cultural resources are identified within the project area, it is Wilton Rancheria's policy that tribal monitors must be present for all ground disturbing activities. Finally, please be advised that our preference is to preserve tribal cultural resources in place and avoid them whenever possible. Subsurface testing and data recovery must not occur without first consulting with Wilton Rancheria and receiving Wilton Rancheria's written consent.

In the letter Josh Kinkade is identified as the lead contact person for consultation on the proposed project. Mariah Mayberry will be Wilton Rancheria's point of contact for this consultation. Please contact Mariah by phone (916) 683-6000 ext. 2023 or email at mmayberry@wiltonrancheria-nsn.gov to begin the consultation process.

Thank you for involving Wilton Rancheria in the planning process at an early stage. We ask that you make this letter a part of the project record and we look forward to working with you to ensure that tribal cultural resources are protected.

Sincerely,

Mariah Mayberry

Subject: RE: Lakeside Memorial Lawn Crematorium Project

Dear Ms. Mayberry,

Thank you for your response, below, regarding the above-referenced project. We appreciate the tribe's interest in this project and welcome the opportunity to discuss this project in further detail with you. We are hereby initiating consultation with you under Assembly Bill 52 by inviting you to a virtual meeting via Microsoft Teams at 8:30 a.m. on December 17, 2020. If you are unable to attend, please contact me to schedule an alternate date.

In order to facilitate our discussion, I would like to provide some additional information to you. First, the purpose of this project is to remodel an existing shed to install crematory equipment inside of it, which is a high-temperature furnace with associated equipment. The existing driveway area adjacent to the shed will be subject to minor improvements, but there is no mass grading or major excavation associated with the remodeling of the shed. There will be no new construction of buildings or structures.

Second, as requested, below is a link from which you can download a copy of the draft cultural resources technical report for the project, titled "Cultural Resources Inventory Report for the Lakeside Memorial Lawn Storage Shed Project, Folsom, California," prepared by Ecorp Consulting, Inc. (November 2020). Please note that this report includes confidential information that is restricted from public distribution by state and federal law. If you are having trouble accessing the documents, you may have to open the link below in Internet Explorer or Microsoft Edge. Let me know if the link isn't working.

<https://ecorpconsulting-my.sharepoint.com/:f/p/lwestwood/EhToQu3F6Y5IvGZuP81ACEoB5nGB7feXGXTV445bLeBiRA?e=0on1Ef>

The link above also includes the link to the virtual meeting and will include a copy of the meeting agenda. If you have any questions, I can be reached by email at jkinkade@folsom.ca.us or by phone at (916)-461-6209. Thank you and we look forward to consulting with you.

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

The United Auburn Indian Community thanks you for your commitment to consultation for the following project:

Lakeside Memorial Lawn Storage Shed (PN 20-160)

You will find a copy of your consultation submission attached for your records.

Our Tribal Historic Preservation Department will review the project and respond as soon as possible. If you need to speak with someone regarding the project or your submission, please contact the Tribal Office at (530) 883-2390.

The United Auburn Indian Community is now accepting electronic consultation requests and project notifications. To learn more, [click here](#).

**This is an automated email. Replies to this address will not be received.

Nothing in this e-mail is intended to constitute an electronic signature for purposes of the Electronic Signatures in Global and National Commerce Act (E-Sign Act), 15, U.S.C. §§ 7001 to 7006 or the Uniform Electronic Transactions Act of any state or the federal government unless a specific statement to the contrary is included in this e-mail.

Thank you for consulting with the UAIC Please complete one form for each notification.

How to submit a consultation notification or project update:

1. One form must be completed for each project.
2. Forms cannot be saved and completed at a later time.
3. Include all relevant project information.
4. Upload file attachments. Multiple files can be attached.
5. Submit form.
6. You will receive a submission receipt via email when submission is complete. UAIC prefers our online submission form over certified or hard copy letters.

Contact the Tribal Office at (530) 883-2390 for questions or concerns. Ask for Tribal Historic Preservation or use the [contact form located on our website](#).

AGENDA

City of Folsom and Wilton Rancheria AB 52 Consultation Meeting for the Lakeside Memorial Lawn Storage Shed Project

Date: January 5, 2021

Time: 10:00 am

Location: Microsoft Teams

Host: Josh Kinkade, City of Folsom, (916) 461-6209

Meeting Objective: for the City of Folsom to share project information with the tribe and receive information from the tribe about potential impacts to tribal cultural resources to inform the CEQA document.

Overall Goal: for the City to make a decision about the project in a manner that is mindful of, and takes into consideration, impacts to tribal cultural resources.

Agenda:

1. Introductions
2. Project Orientation and Overview (City)
 - Purpose and Need for the Proposed Project
 - Project Description
 - Type and Scope of Environmental Review under CEQA
 - Alternatives and Design Options Considered
 - Anticipated Project Schedule
 - Summary of the Cultural Resources Survey (transmitted electronically to Wilton Rancheria on December 14, 2020)
3. Discussion of Tribal Cultural Resources (Wilton Rancheria)
 - Any Tribal Cultural Resources within the Project Area? If so:
 - Description and Location
 - Significant Effects, if any?
 - Opportunities to Avoid, if present?
 - Mitigation Measures for any Direct, Indirect, or Cumulative Impacts, if they will occur?
4. Action Items
