groundwater sustainability plans (GSPs) to meet the sustainability goal e required to review GSPs to evaluate whether they comply with provisions affect the ability of adjacent basins to implement their groundwater sustai	ies of Project: 1720 et seq., requires local groundwater sustainability agencies (GSAs) to develop and implement stablished pursuant to SGMA. (Water Code 10727) The Department of Water Resources (DWR) is so f SGMA, are likely to achieve the sustainability goal for the basin, and whether they adversely inability plans. (Water Code 10733) DWR is required to evaluate a GSP and issue an assessment ordingly, DWR evaluated the Indian Wells Valley Subbasin GSP and has now issued its assessment
Name of Public Agency Approving Project: Department of Water Resources (but see explanation below)	
Name of Person or Agency Carrying Out Project: Indian Wells Valley Groundwater Authority	
Exempt Status: (check one): Ministerial (Sec. 21080(b)(1); 15268); Declared Emergency (Sec. 21080(b)(4)); Emergency Project (Sec. 21080(b)(4));	
 Categorical Exemption. State type and Statutory Exemptions. State code nur 	mber: Water Code 10728.6 (see additional reasons below)
Reasons why project is exempt: CEQA does not apply to the preparation and adoption of GSPs. (Water Code § 10728.6); DWR's issuance of the assessment does not represent an "approval" or "carrying out" of a "project" under CEQA. (Public Resources Code 21065, 21080, 21081); A GSA is not prohibited from implementing its GSP prior to evaluation and assessment by DWR. (Water Code 10733.4(d)): There is no possibility that DWR's issuance of the assessment may have a significant effect on the environment. (CEQA Guidelines 15061 (b)(3)); Even if CEQA applied to the issuance of the assessment or to the GSP itself, DWR believes several other exemptions likely apply to issuance of the assessment. Furthermore, DWR could not presently conduct meaningful environmental review under CEQA because it would require speculation and conjecture; however, SGMA does not exempt projects that would implement actions taken pursuant to a GSP, and DWR therefore expects GSAs will satisfy any applicable CEQA obligations when approving or carrying out projects as part of GSP implementation.
