Project Title: Reinhardt Redwood Serpentine Prairie Restoration for Presidio Clarkia (Clarkia franciscana) Recovery (Project)

Project Location: The Project is located adjacent to the Richard C. Trudeau Center located at 11500 Skyline Boulevard in Oakland, Alameda County, in a serpentine prairie owned by the East Bay Regional Parks District.

Project Description: The California Department of Fish and Wildlife is issuing a permit to East Bay Regional Park District [Permit No. 2081(a)-21-009-RP] pursuant to Fish and Game Code section 2081(a) for a project to promote recovery of Presidio clarkia and other serpentine prairie vegetation at the Project Location. The Project is a continuation of a 10-year restoration project (CDFW Permit No. 2081(a)-09-01-RP) that has increased the area occupied by Presidio clarkia, decreased invasive plant cover, and improved understanding of the effects of management treatments on the native and non-native plant species. This Project builds on the success of the previous restoration project and will continue management activities that include mowing, grazing, seed dispersal, invasive plant control and monitoring for adaptive management.
