Citywide General Plan Update includes all General Plan land uses

Project Description: (please use a separate page if necessary)

The proposed project consists of an update to the 2004 City of Tehama General Plan (from the 1972 Plan). The project includes updates to the Land use, Circulation, Noise, Conservation and Open Space elements. Both the Safety and Housing Elements were updated and approved separately in 2021. They have been incorporated into this General Plan update for the purpose of maintaining consistency. The General Plan consists of a long-term policy document consisting of goals, policies, and implementation actions that will guide future development activities and City actions. No specific development projects are proposed as part of the General Plan Update.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "X".
If you have already sent your document to the agency please denote that with an "S".
