Supervising Legal Certification Clerk County of Riverside P.O. Box 751 Riverside, CA 92501-0751

## SUBJECT: Filing of a Notice of Exemption for Planning Application No. PA22-0593, a Development Plan for the construction of an approximately 21,793 square foot industrial building located at 42684 Avenida Alvarado

Dear Sir/Madam:

Enclosed is the Notice of Exemption for the above referenced project. In addition, pursuant to Assembly Bill 3158 (Chapter 1706) the Applicant will pay for the County Administrative fee to enable the City to file the Notice of Exemption required under Public Resources Code Section 21152 and 14 California Code Regulations 1507. The payment of the \$50.00 filing fee is under protest. It is the opinion of the City that the administrative fee has been increased in a manner inconsistent with the provisions of State Law. Under Public Resources Code Section 21152 and 14 California Code Regulations 1507, the County is entitled to receive a \$25.00 filing fee.

Also, please email a stamped copy of the Notice of Exemption within five working days after the 30-day posting to the email listed below.

If you have any questions regarding this matter, please contact Scott Cooper at (951) 506-5137 or at email scott.cooper@TemeculaCA.gov.

Sincerely. Luke Watson

Deputy City Manager

## **Notice of Exemption**

ТО:	County Clerk and Recorders Office County of Riverside P.O. Box 751 Riverside, CA 92501-0751		FROM:	Planning Division City of Temecula 41000 Main Street Temecula, CA 92590		
Project Title:		MS-Mountain View Building 14 (PA22-0593)				
<b>Description of Project:</b>		A Development Plan for the construction of an approximately 21,793 square foot industrial building				
<b>Project Location:</b>		APN: 909-290-049				
Applicant/Pr	roponent:	City of Temecula, County of Riv	mecula, County of Riverside			

The Planning Commission approved the above described project on September 21, 2022 and found that the project is exempt from the provisions of the California Environmental Quality Act, as amended.

Exempt Status: (check one)

Ministerial (	Section 21080	(b)(1):	Section 1	5268):
TATTICO COLICAL	000000000000		OCCUPIT 1	10200,

Declared Emergency (Section 21080(b)(3); Section 15269(a));

Emergency Project (Section 21080(b)(4); Section 15269(b)(c));

Statutory Exemptions (Section Number:

Categorical Exemption: (Section Number 15332, Class 32, In-Fill Development Projects)

)

Other:

Statement of Reasons Supporting the Finding that the Project is Exempt:

(a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with applicable zoning designation and regulations.

The project is consistent with the applicable General Plan designation because industrial buildings are an allowable use within the Industrial Park designation. The project also meets all applicable General Plan and Zoning policies and regulations.

(b) The proposed development occurs within city limits on a project site of no more than five acres substantially surrounded by urban uses.

The project is located within City limits and is located on a site that is 1.59 acres in size. The proposed project is substantially surrounded by industrial development, vacant land zoned for industrial development, and major roadways.

(c) The project site has no value as habitat for endangered, rare or threatened species.

The project site is not located within a Multi Species Habitation Conservation Strategy (MSHCP) criteria cell and therefore is not required by the Regional Conservation Authority and State and Federal agencies to take place in the Joint Project Review process. Therefore, the project site has no value as habitat for endangered, rare or threatened species.

(d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality.

The proposed project was required to prepare a Project-Specific Water Quality Management Plan (WQMP) that was reviewed and conceptually accepted for entitlement by City Staff as the WQMP meets the requirements of the City of Temecula. A traffic analysis was not required as part of this project as the proposed use is allowed within the Light Industrial zoning district, and there is nothing unique about this project that would trigger the need for a traffic analysis. Therefore, the project is not anticipated to result in any significant effects relating to traffic, noise, air quality, or water quality as the project is an allowed use per the City of Temecula General Plan, and the zoning district.

(e) The site can be adequately served by all required utilities and public services.

The project site is surrounded by development and is able to be serviced by all required utilities and public services.
