Project Title: BBCCSD Cinderella and Pan Springs Pipeline Replacement Project

SCH Number: To be assigned

Project Location: The BBCCSD service area is located in southern California within the Big Bear

Valley (Valley) in the San Bernardino Mountains of San Bernardino County, California. The project will occur within various roadways generally located south of State Route 18/East North Shore Drive, east of Sequoia Drive, west of Paradise Way and north of East Tiger Lily Drive. The roadways within which the

proposed pipeline improvements will be located include:

Sequoia Drive

East Cinderella Drive

 State Route 18/East North Shore Drive

Mount Doble Drive

Hugo Lane

East Tiger Lily Drive

• Paradise Way

Pan Springs Lane

The project is located within the USGS Topo 7.5-minute map for Big Bear City, CA, and is located in Section 11, Township 2 North and Range 1 East. The approximate GPS coordinates of the project area are 34.27071°, -116.84245°.

Project Description:

BBCCSD proposes to construct approximately 4,400 lineal feet (LF) of new pipelines within the Cinderella and Pan Springs areas of Big Bear City to replace pipelines that are no longer efficient or effective, due to age or because they are undersized, improving water quality and fire flow capabilities. The project includes replacement of existing water mains with new 8-inch piping on North Shore Drive, Mount Doble Drive, Gold Mountain Drive, Cinderella Drive, Pan Springs Lane, and Tiger Lily Drive, which will be installed within the road rights-of-way along with new line side services, valves, fire hydrants, and customer service tie-ins. The existing mains and customer services will be disconnected from the water system and abandoned in place.

The project also includes abandonment of 1,390 LF of pipeline located within backyard easements between and parallel to: (1) Dumas Lane and Pan Springs Lane; and (2) Pan Springs Lane and Paradise Way. BBCCSD will coordinate with the property owners to establish the least disruptive alignment for each of the new connections (approximately 50 parcels).
