Project Title: Roll Up Door Replacement by San Diego Unified Port District at B Street Cruise Ship Terminal

Project Location – Specific: 1140 N Harbor Dr, San Diego, CA 92101

Project location – City: San Diego

Project Location – County: *San Diego*

Description of Nature, Purpose, and Beneficiaries of Project: The proposed project would involve replacement of a roll up door located at the western-most end of Section C of the B Street Cruise Ship Terminal by the San Diego Unified Port District (Applicant) in the city of San Diego, California. Work to specifically complete the proposed project would involve demolition, disposal, and replacement of an existing roll up door, motor, and related components. Dimensions of the existing door are approximately 22 feet by 16 feet and a replacement door of the same dimensions would be installed. The replacement roll up door would have standard features and white factory paint. An RSX Standard Duty motor and roll up door hood would be installed as replacements for the previously existing equipment. The replacement motor would feed into an existing electric circuit and utilize the existing push button station and external key switch. The motor would also have commercial photo eyes and chain for emergency operation.

The existing promenade and public access along B Street Cruise Ship Terminal would remain open to the public during the construction of the proposed project.

Construction of the proposed project is anticipated to occur in Spring 2023 and would take approximately one (1) month to complete. Due to its nature and limited scope, construction of the proposed project would generate a minor amount of vehicle trips and would require limited use of equipment. Therefore, impacts related to air quality, greenhouse gas emissions, and transportation and traffic are not anticipated to occur. Furthermore, the Applicant would be responsible for complying with all applicable federal, state, and local laws regarding construction demolition debris, hazards and hazardous materials, and stormwater.

Name of Public Agency Approving Project: *San Diego Unified Port District (SDUPD)*

Name of Person or Agency Carrying Out Project: Department of Engineering Construction, San Diego Unified Port District, 3165 Pacific Hwy, San Diego, California 92101; (619) 987-3204

Exempt Status: (Check one):

- Ministerial (Sec. 21080(b)(1); 15268);
- Declared Emergency (Sec. 21080(b)(3); 15269(a));
- Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
- Categorical Exemptions: Existing Facilities (SG § 15301) (Class 1) and Replacement or Reconstruction (SG § 15302) (Class 2)**
- Statutory Exemption. State code number:

Reason Why Project is Exempt: The proposed project is determined to be Categorically Exempt pursuant to California Environmental Quality Act (CEQA) Guidelines Sections 15301 (Existing Facilities) and 15302 (Replacement or Reconstruction and Sections 3.a.(1) and 3.b.(2) of the District's Guidelines for Compliance with CEQA because it would involve no expansion of use beyond that previously existing and would not result in a significant cumulative impact due to the continuation of the existing use. Sections 3.a.(1) and 3.b.(2) of the District's CEQA Guidelines are as follows:

3.a. Existing Facilities (SG § 15301) (Class 1): Includes operation, repair, maintenance, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that previously existing, including but not limited to:

- (1) Repair, maintenance or minor alteration of existing mooring facilities, floats, piers, piles, wharves, bulkhead, revetment, buoys, or similar structures; marine terminal facilities; airport facilities; and commercial industrial, or recreational facilities.

AND/OR

3.b. Replacement or Reconstruction (SG § 15302) (Class 2): Includes replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site and will have substantially the same purpose and capacity as the structure being replaced.

- (2) Replacement or reconstruction of marine terminal facilities, and marine-oriented commercial, industrial, and public and commercial recreational facilities, including buildings, piers, piles, wharves, marine ways; railroads; airport facilities, runways, taxiways, aprons, and ancillary structures to those facilities; electrical and mechanical systems and equipment; where the new structure will be on essentially the same site as the structure replaced and will have substantially the same purpose and capacity as the structure replaced.
